Stayin'

Welcome to Page's 1996 yearbook. The committee has decided to follow the trends of the year and go RETRO. That's right! The yearbook is doing DISCO. Some unique and vibrant people have dancin' fever and are not afraid to show it.

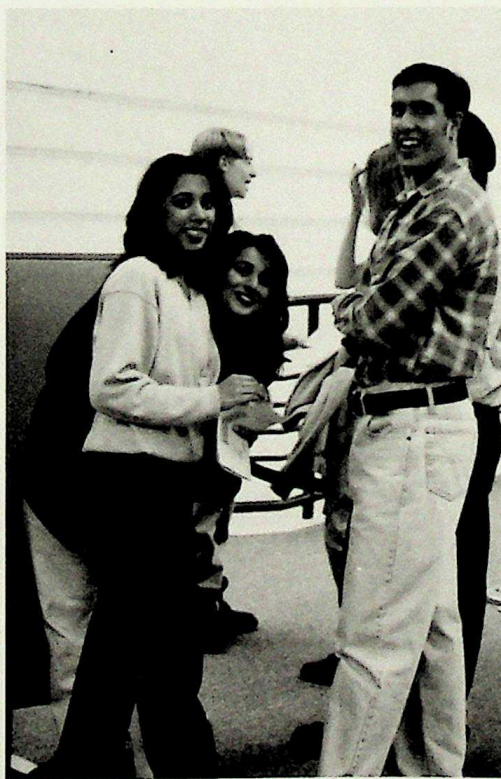

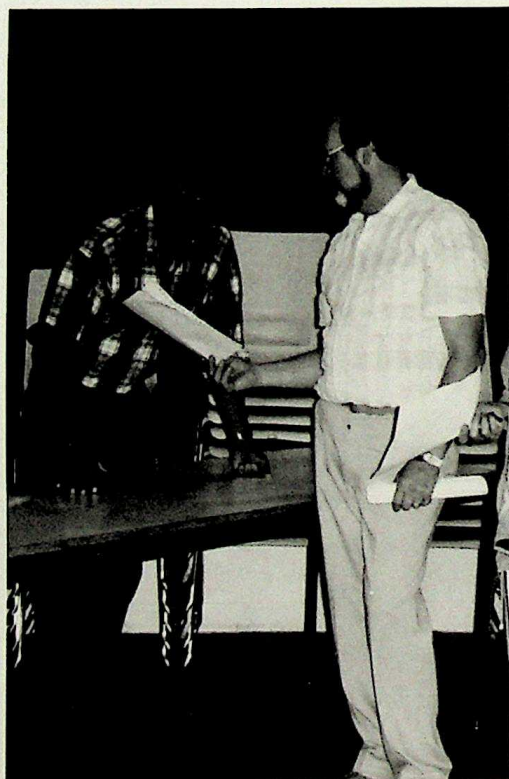

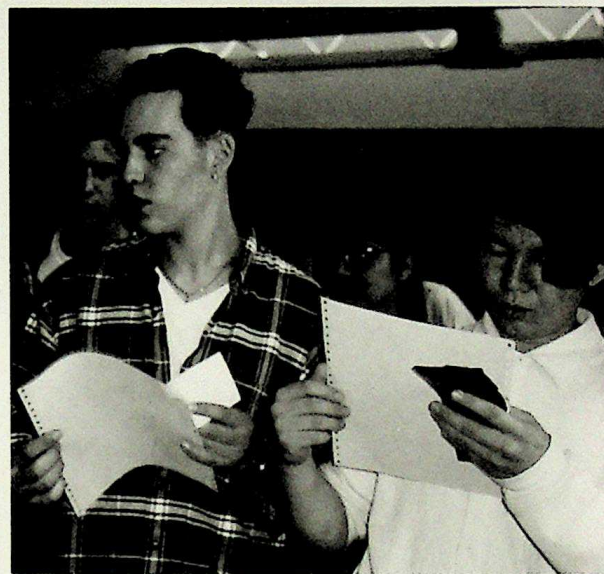

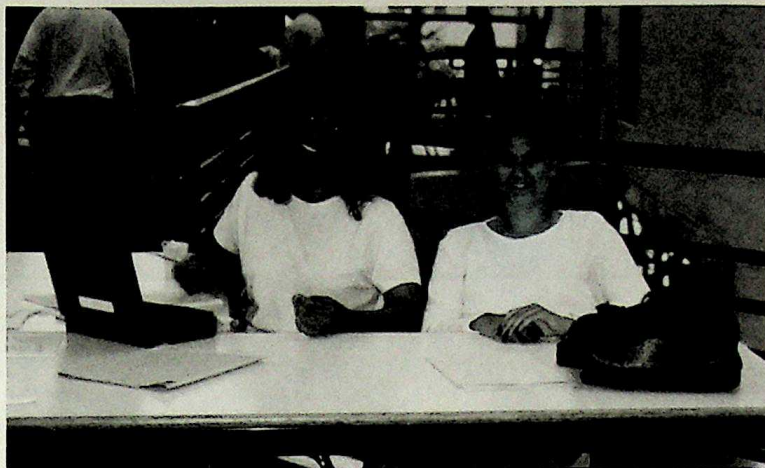

Alive

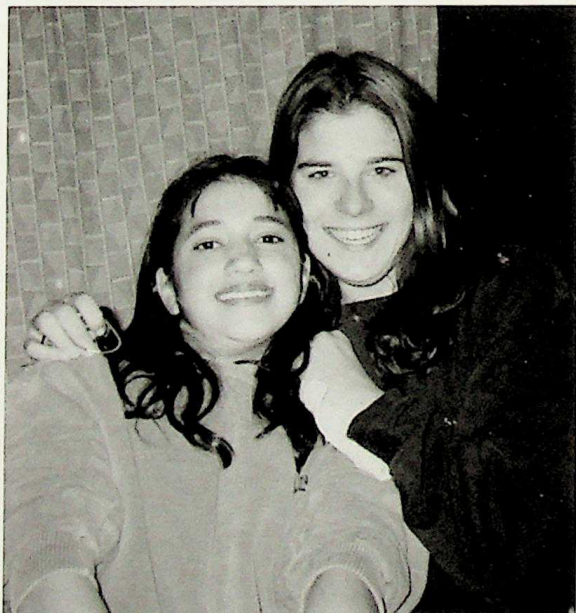

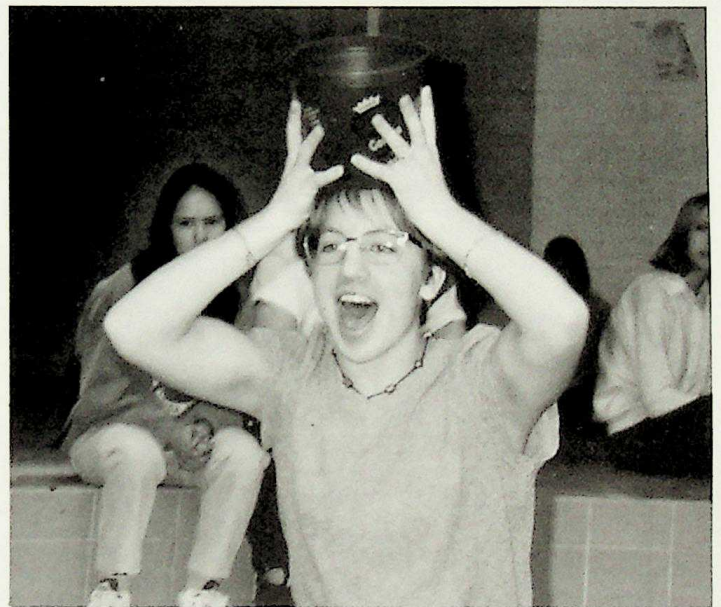

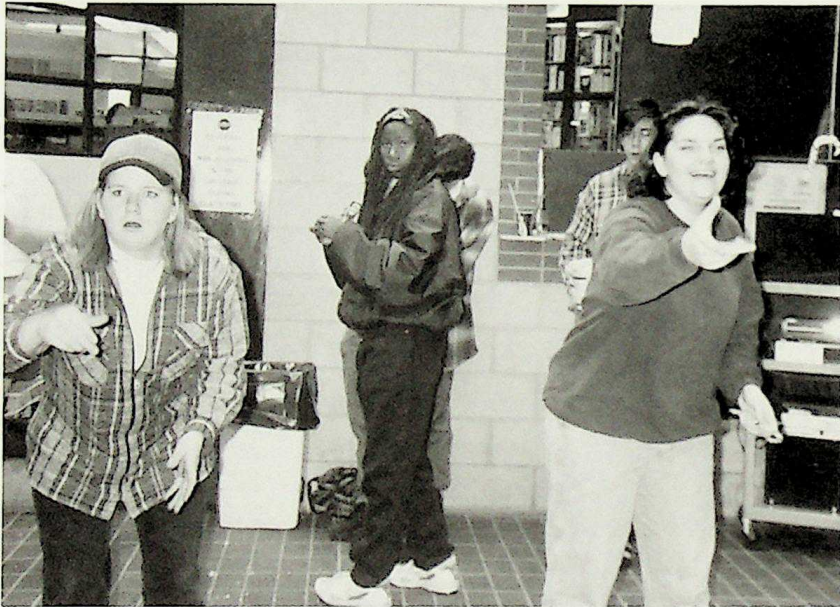

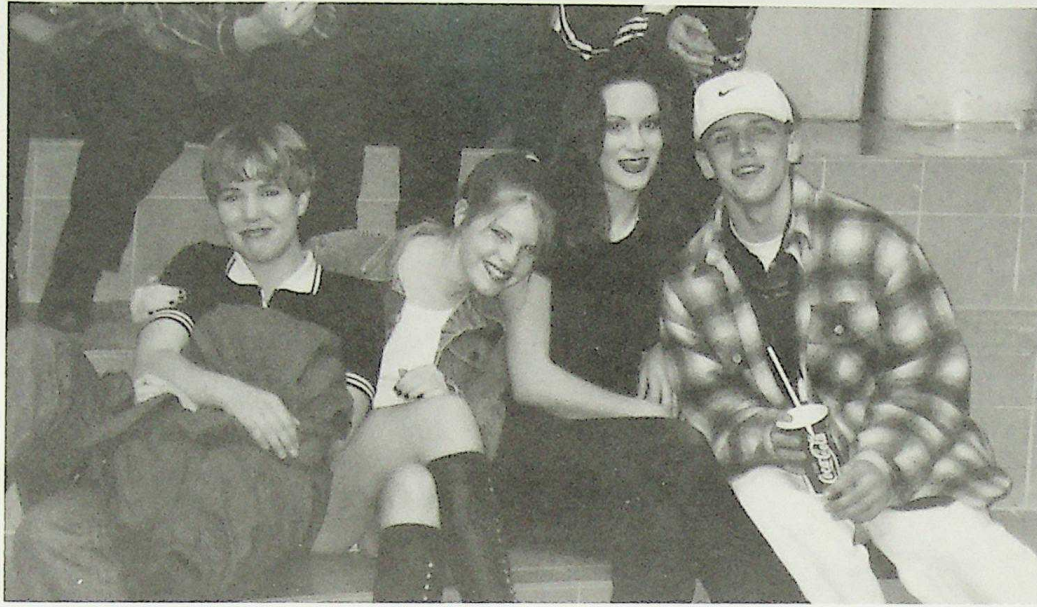

Registration

Registration is the most dreaded time of the year. Registration symbolizes the end of a fun filled summer and the beginning of a gruelling 10 month process of quizzes, exams, and finals. The good side, (there is one) is that

even though you had a wonderful summer, you can't wait to get back with all your friends. You can, however, live and deal without the work the new school year brings to us all.

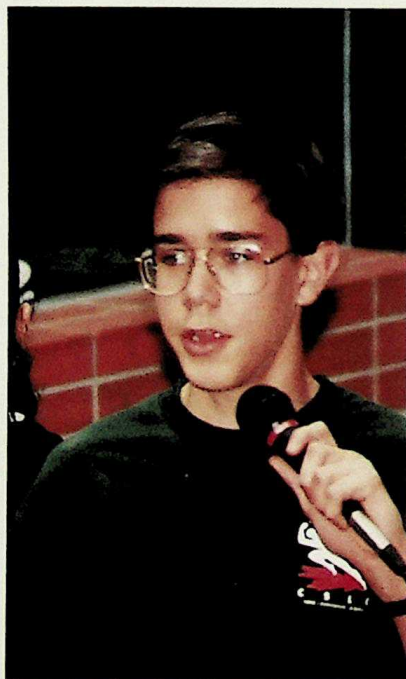

WELCOME

"Oh no! Here comes another grade 12. Hide guys. HIDE!" Well, I'm sure we all remember having this feeling on our first day of grade 10. Luckily, Page's wonderful Students' Union always plans a Welcome Week for all the grade 10's. This years Welcome Week activities included Musical

Chairs, Pudding Feed, Pillow Fighting, and Hang your Friend. To start the year off with a big bang, the Wild & Wacky Welcome Week was concluded with a Bar-B-Q. As for the grade 10's, they're not afraid of the grade 12's anymore. As for the grade 12's they're still wondering about the grade 10's!

"Aim for the MOUTH, not the NOSE"

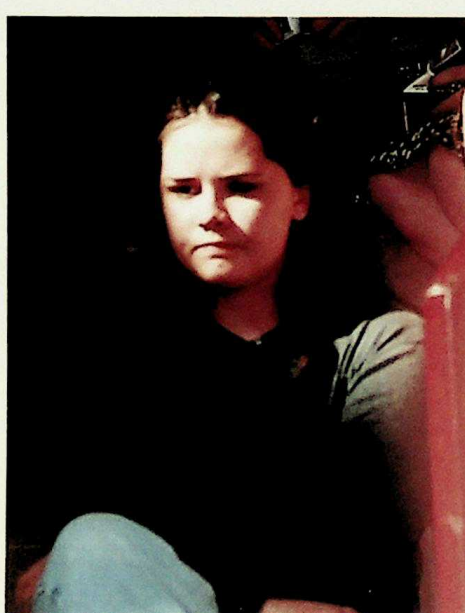

"Holy cow, man am I glad my face isn't covered in pudding"

"You wanna come over here and say that?"

Wow, look at them go. They've been at it forever.

Did anyone get the license plate of that bird?

"Just wait 'till I get down . . ."

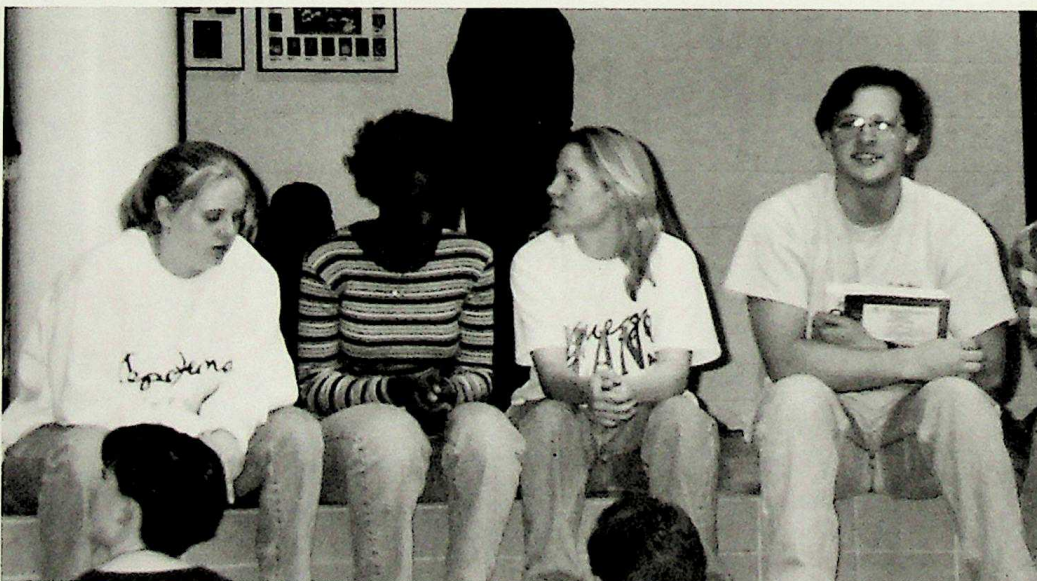

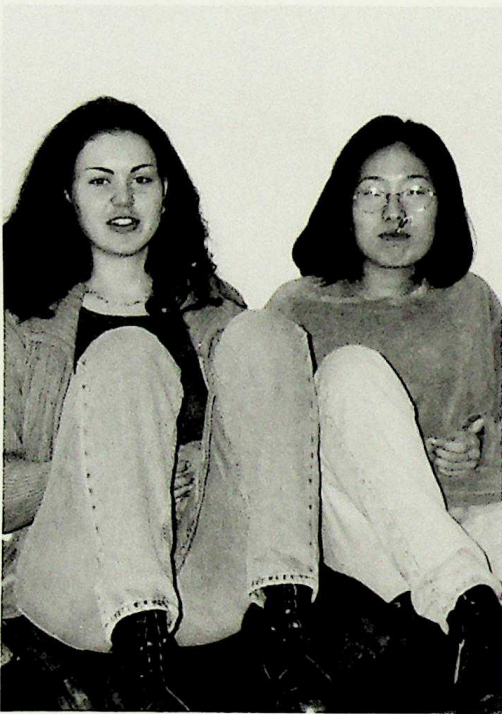

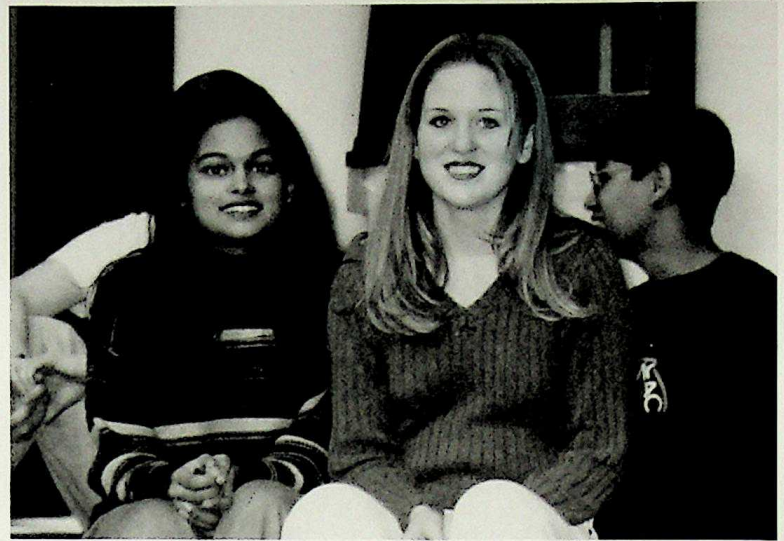

WEEK

Is this what Chris and Irene do for FUN?

Ben, Atul, & Joey show what school spirited guys they are as they participate in the pudding feed.

This lasted longer than the Tyson vs. Foreman fight!

TOP LEFT: Sukhi and Atul hold the 1st place title in the Page Pudding Feed.

TOP RIGHT: Lorelei to Fatima "Remember, act happy or at least look happy so they think we're normal."

MID LEFT: In grade 12 and vegged out with the mantra "last year here . . . last year here . . ."

MID RIGHT: So Leslie, you enjoy Page that much?

LEFT: The excitement of Welcome Week was too much for these four.

LEFT: "An apple a day will get me an A . . . an apple a day will get me an A . . ."

BELOW: Pages Future covergirl, Jillian, flashes the camera a 100 watt smile.

LOWER RIGHT: Presenting Pages' first, all female, Hyper-Squad.

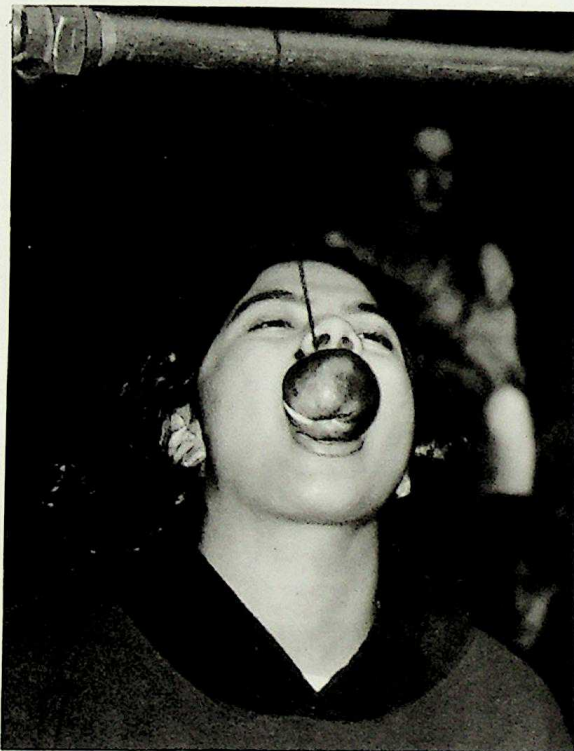

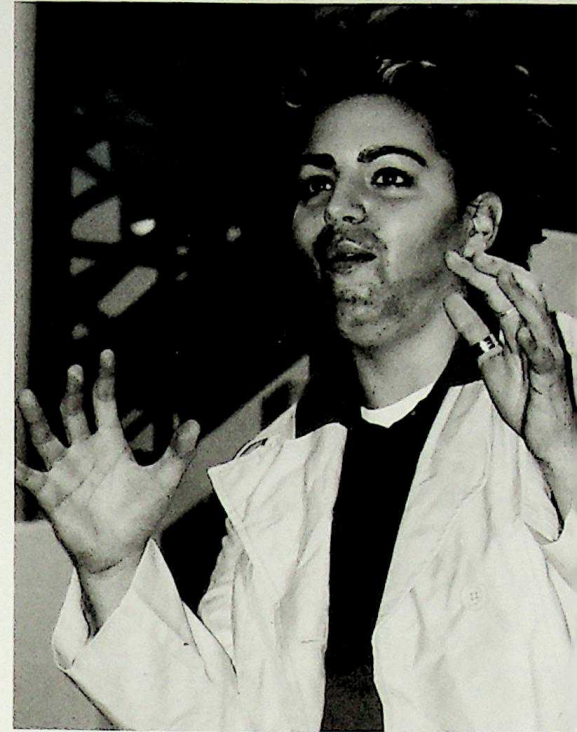

LOWER LEFT: The activities held in the pit are pretty hypnotic, wouldn't you agree Stephanie?!?

CENTER: Another meeting of the All Male Bonding Experience commences. STARRING (R-L): Matt, Andy, Kelsey, Neil, Qui, and Rayon.

Monster

Gouls and goblins, jack-o-lanterns, bobbing for apples. Remind you of something? Yup, you got it! HALLOWEEN. During Halloween week, Student's Union put on a week of activities. Some highlights were Apples-on-a-string, Pumpkin Carving, Costume swap, and of course, the Halloween Pageant. Forrest Gump was in attendance. Sylvester and Tweety stopped in for a visit. And how's this for celebrity appearance - Kramer from Seinfeld. WOW! The week was a success and we are looking forward to next years exciting costume get-ups

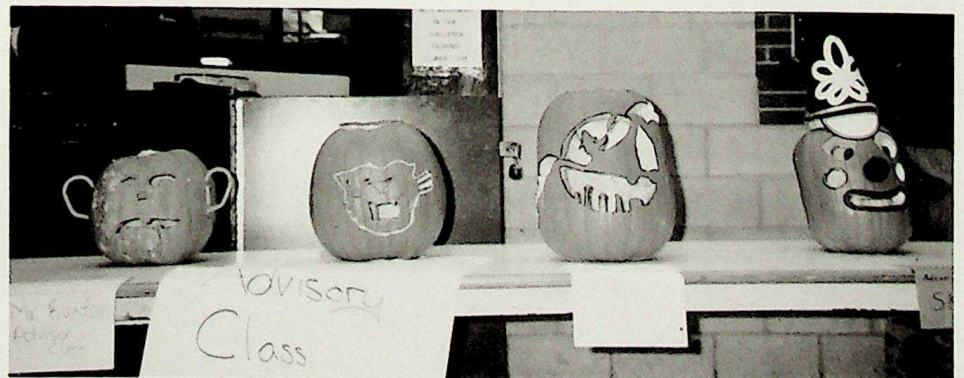

TOP: The Phantom of Page decides to drop by for the Halloween Pageant.

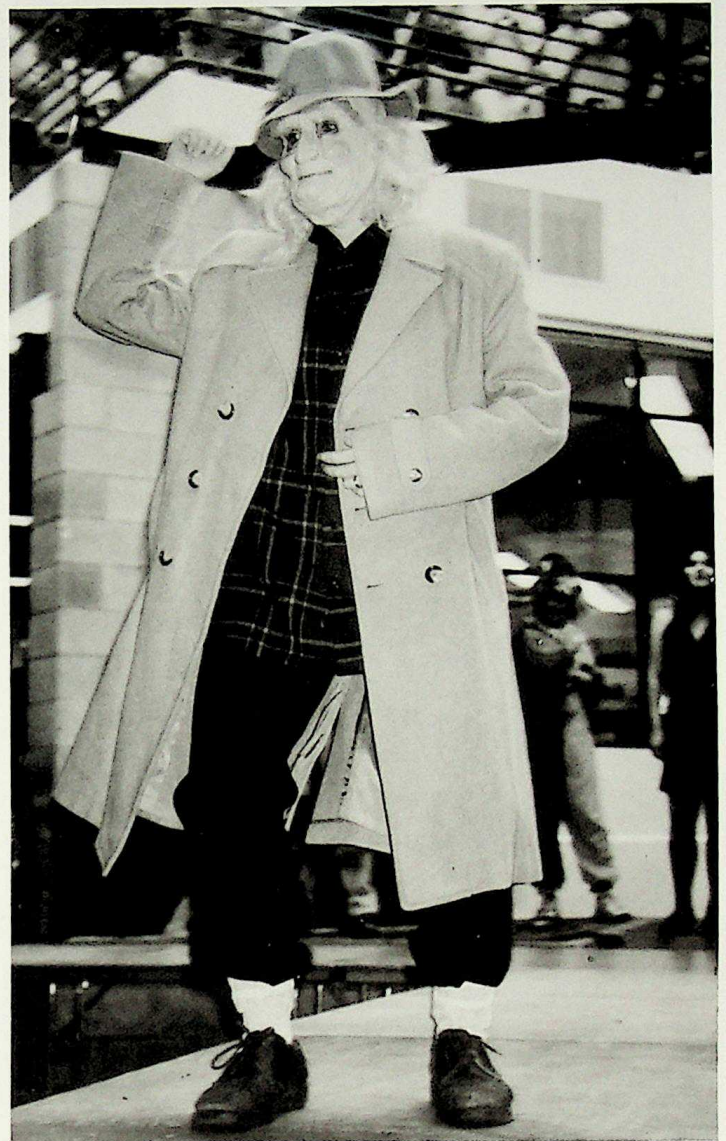

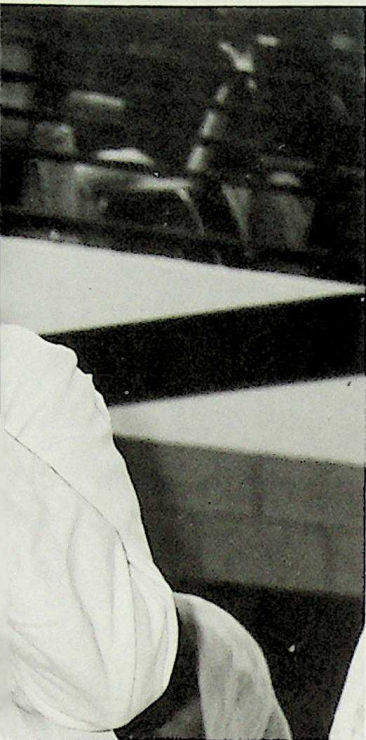

CENTER LEFT: Joji Varghese sure knows how to get into her apple.

CENTER RIGHT: LEFT TO RIGHT: Rob Melnyk, Mrs. Wilson, Chelsea South and Michelle Callihoo pose for Vanity Fair. Don't these 'ladies' look nice?

Advisor classes were represented by extremely talented students who hand carved these pumpkins.

Mash

This mystery man sure made quite a scene "Keep it all on" chanted all the students.

TOP CENTER: Wow! Kramer strikes a pose during his performance at the Halloween pageant.

TOP LEFT: A Mechanics student decides to show off his work clothes.

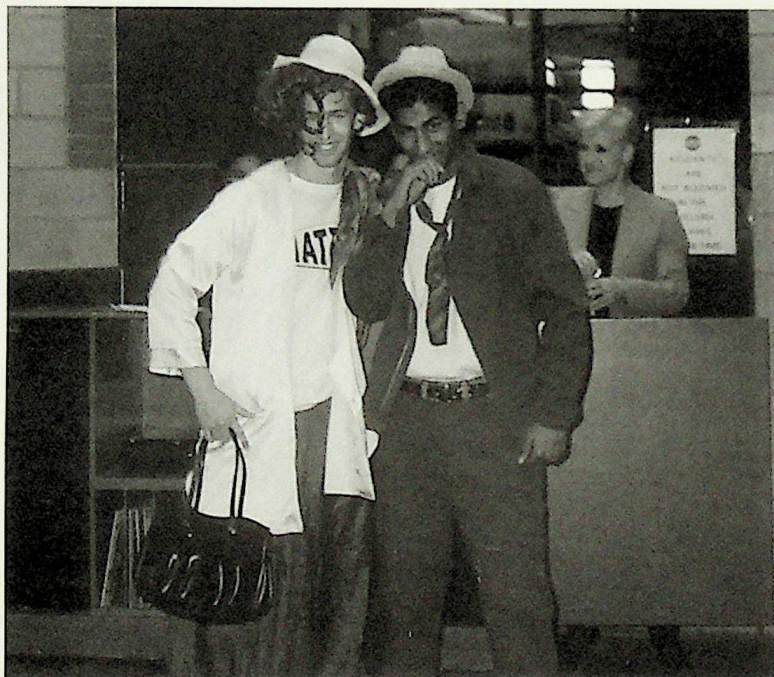

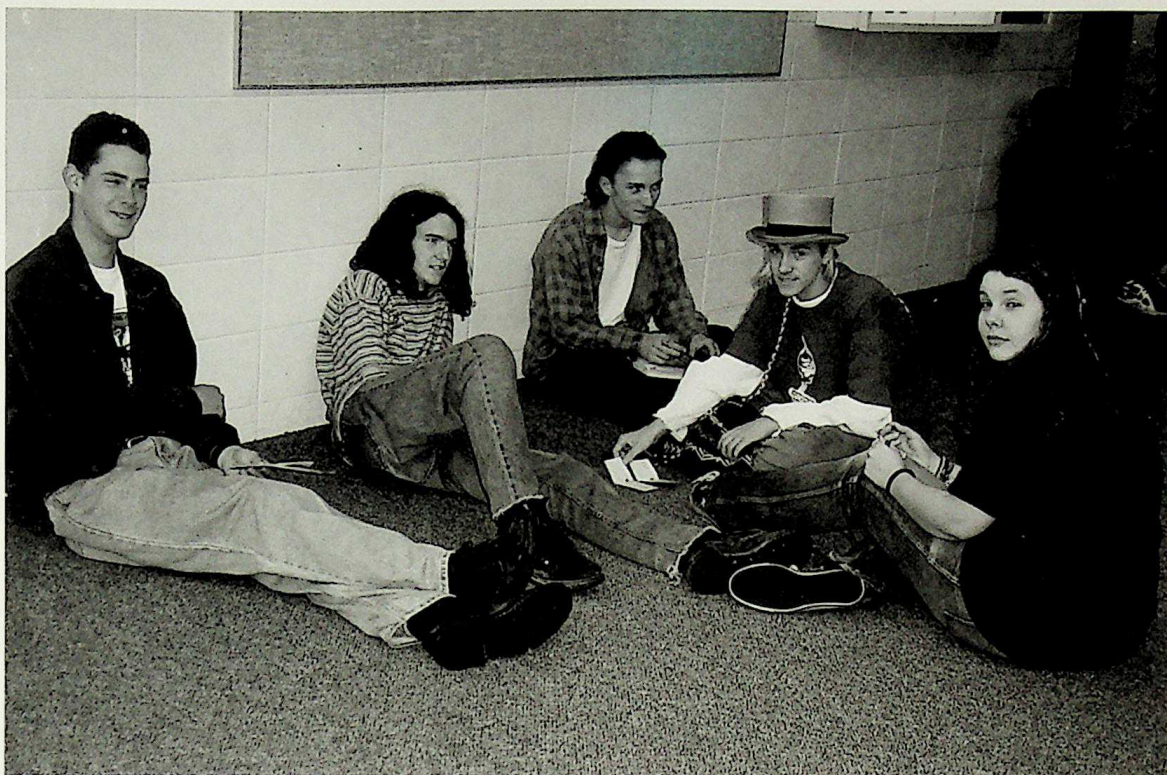

Life sure was a box of chocolates for Christina Sherwin and Lori LaFrance who won first at the pageant.

Marcie and Kim start on their Halloween treats.

Page students witness another exciting chase scene of Tweety by Sylvester.

Enthusiastically, Nick Lovenuik, Aaron Rattray, Glen Hooper, Collin McCallum, and Jen Krouss camp outside their teacher's room for extra homework.

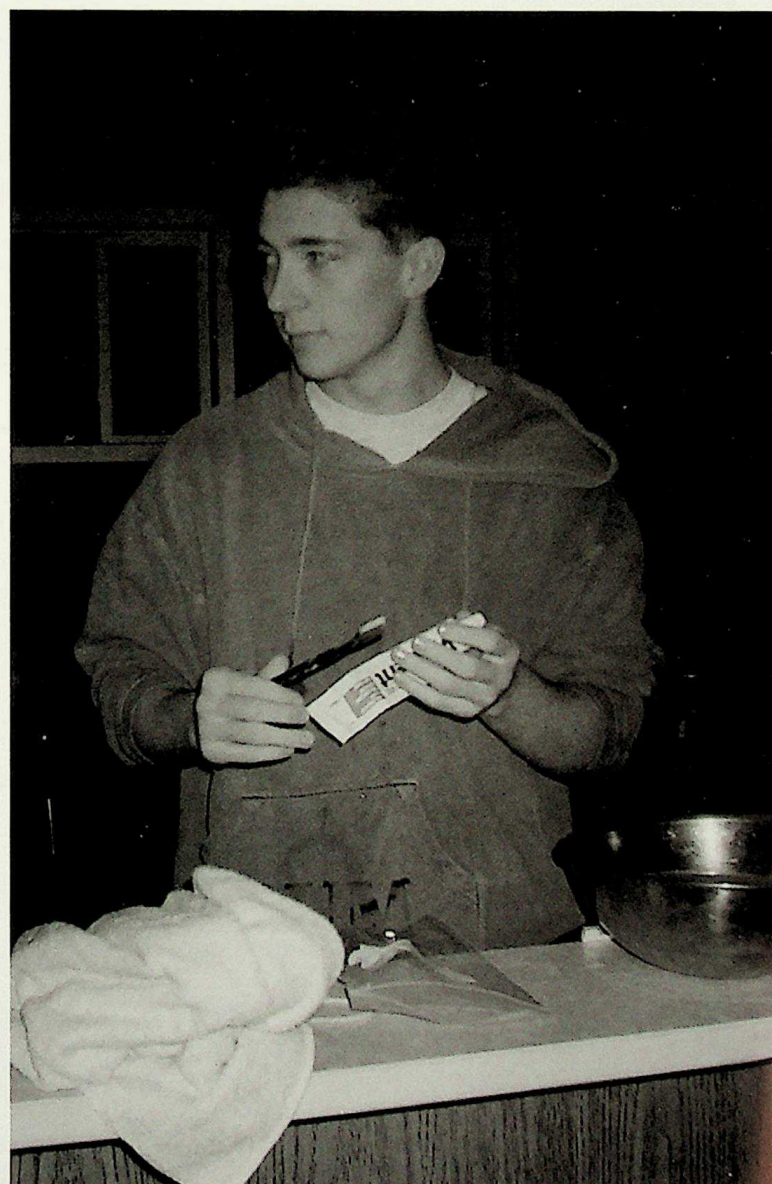

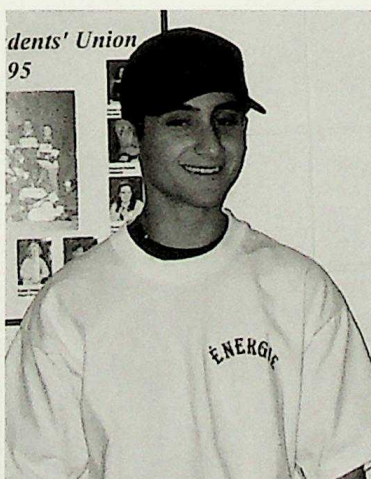

BELOW: Sarah Papworth practices her serenade to the lunch god, while Sophia Gill listens and gives advice.

ABOVE: Preparing for grad, Collin McKee and Adnan Qureshi check out the trends for 1996. As Adnan goes with a basic suit and tie, Collin makes an outrageous fashion statement in this dress.

Abdul Rayan is all smiles when he finds out that he'll be in the yearbook.

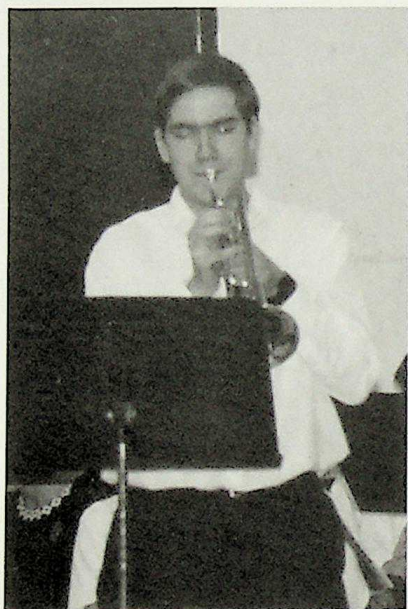

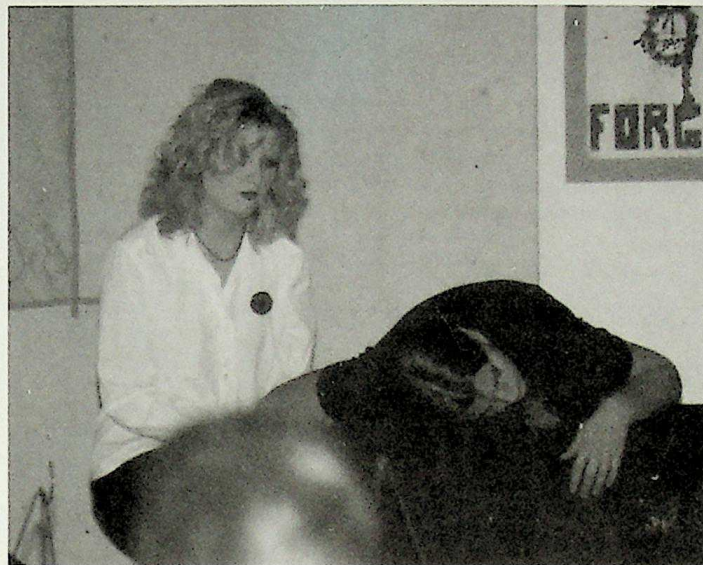

As the early bird begins to chirp, Chris Severin prepares for another day of school.

Remembering . . .

"We will now observe a minute of silence". Absolute quiet descends on the gym, where almost 1200 Page students gather to commemorate Remembrance Day. In the past half hour, students and staff have come together to put on one of Edmonton's best Remembrance Day ceremonies. The drama stu-

dents performed some excellent interpretations of student written poems. The band played a selection of songs as the choir sang. Cascade, Sunwapta, and Wapiti advisors' wreaths and remembered the soldiers who died for the peace of the world.

TOP RIGHT: *Death of Our Soldier*, re-enacted by Ashleigh Mingo and Stacey Keller.

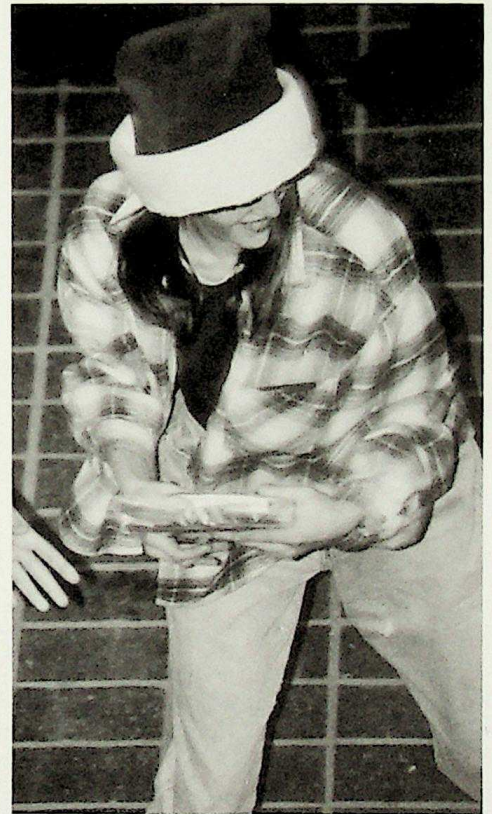

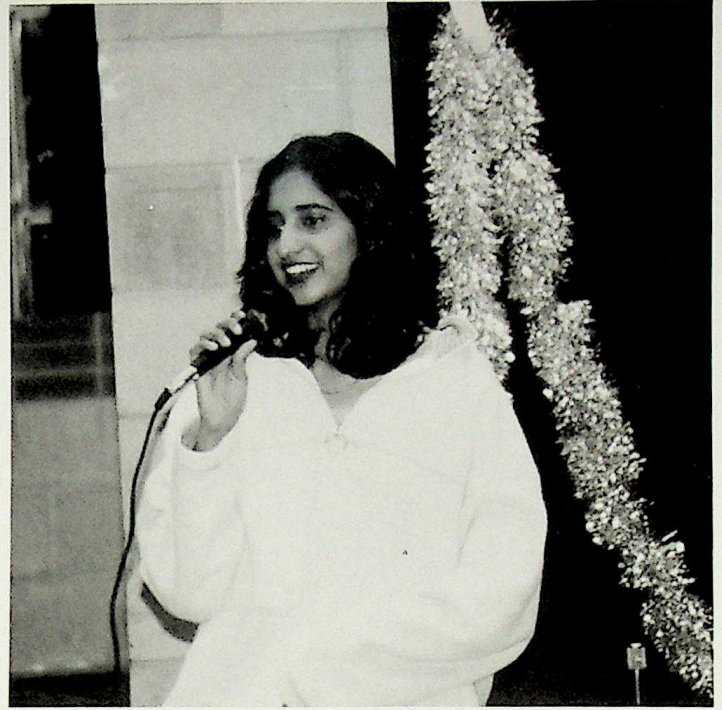

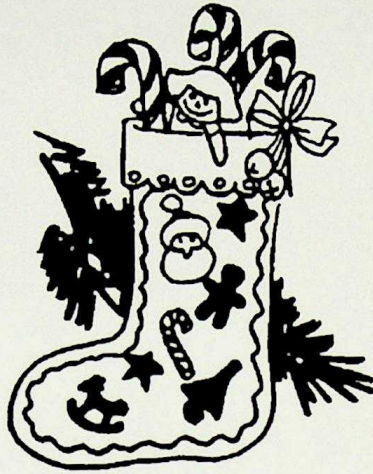

CENTER LEFT: David Kruger plays the last post.

CENTER RIGHT: Representatives from Cadets and the Edmonton Police came out to join the student body of Page and show their respect.

J. Percy Page's choir sang several selections at this important event.

Christmas Week

TOP RIGHT: Sophie MC's the Christmas Week events.

ABOVE: Michelle tries to pick up as many candy canes, as she can, she is determined to win this contest.

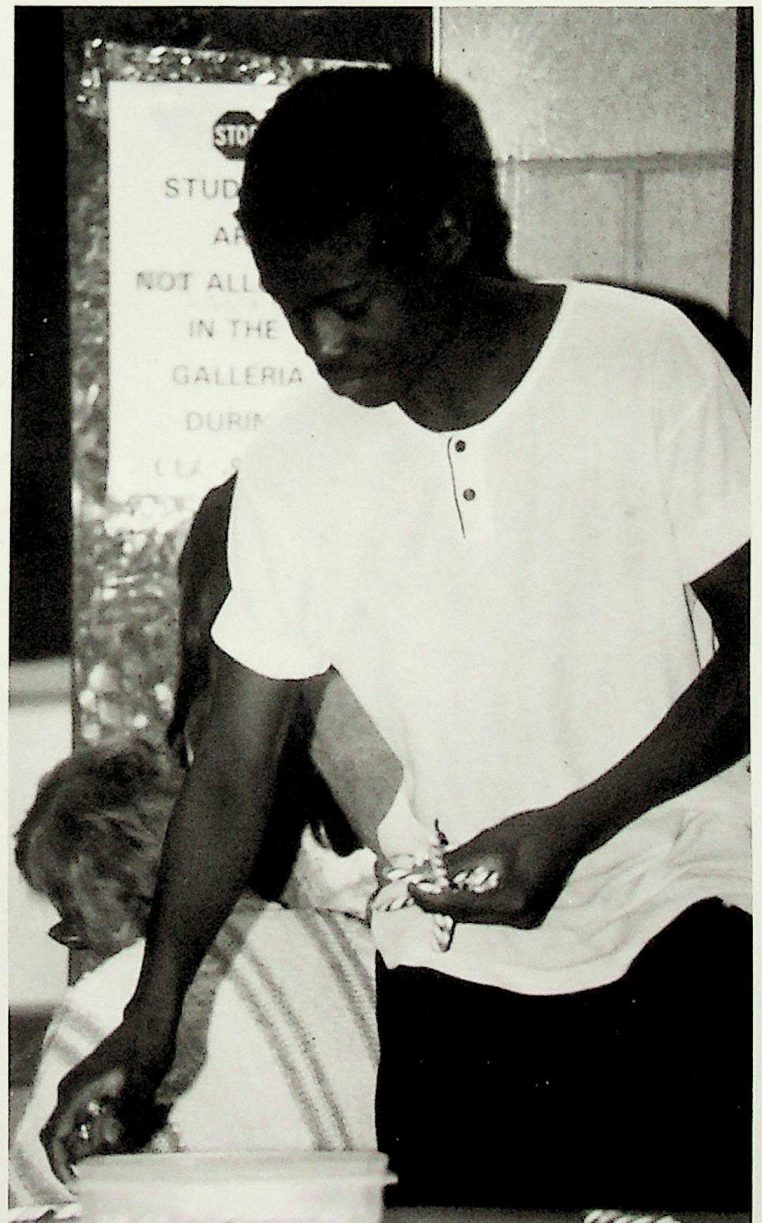

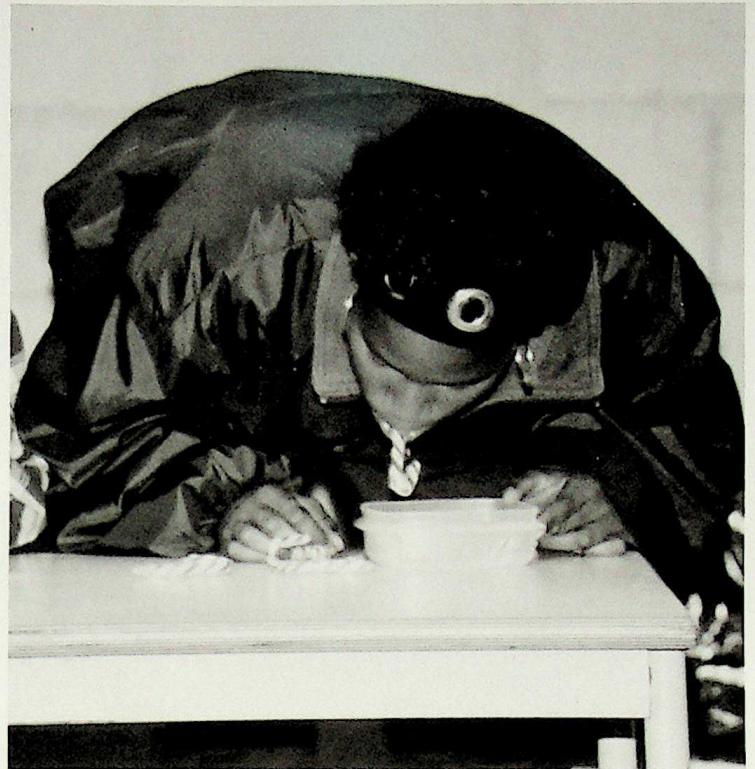

ABOVE RIGHT: "Give me that present."

RIGHT: Stacey prepares to catch the candy cane with her gum.

RIGHT: Tomi tries to pick up as many candy canes with the one in her mouth.
 BELOW: Shane's sure got that puckerin' up thing down pat.
 BELOW LEFT: "A present for me? How thoughtful of you."
 BELOW RIGHT: Junior counts the amount of candies he picked up in the activity in the pit.

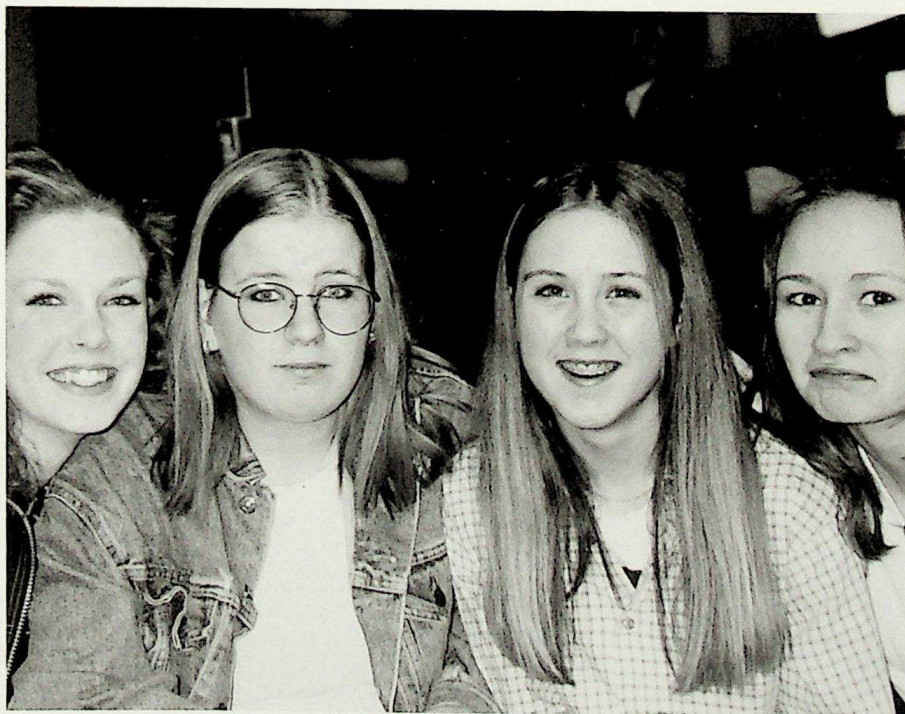

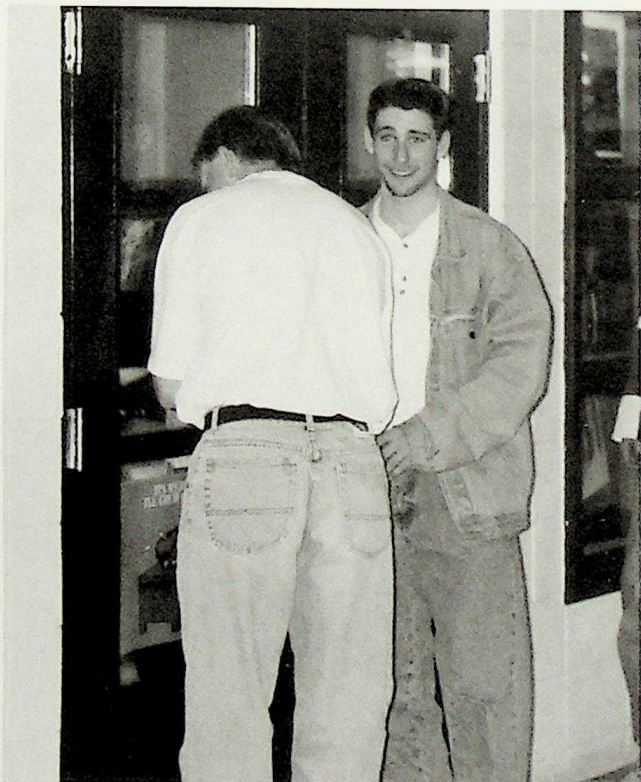

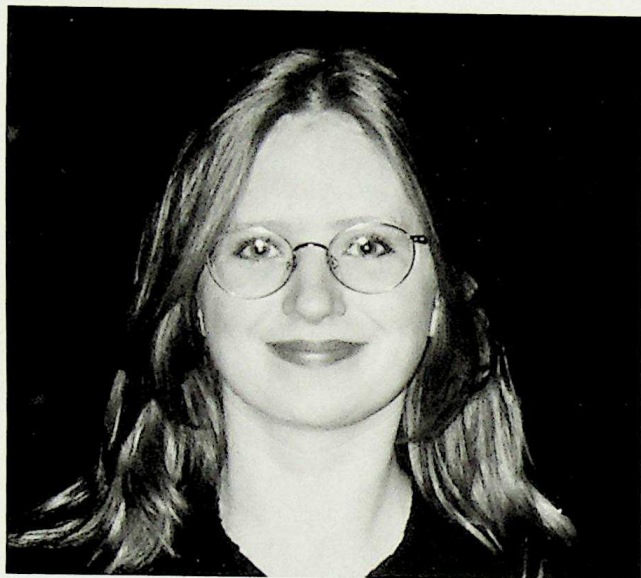

TOP: L-R: Krista-Lee Visscher, Samantha Bourgeault and Misty McTaggart.

CENTER LEFT: Celine Armstrong is definitely not Camera shy.

CENTER RIGHT: L-R: Marshall McPhail, Russel Kercher, Tyler Tymchyshyn and Kris Otto.

BOTTOM LEFT: Joey Blackerman tries to look innocent as Dean Dam sneaks into the music room.

BOTTOM RIGHT: L-R: Hazel Allen, Cheryl Christenson and Desiree Guenette.

Principal's Message

As students of J. Percy Page for the past year I trust the staff have given you the key elements that form the essence of an education.

First is a faith in learning.

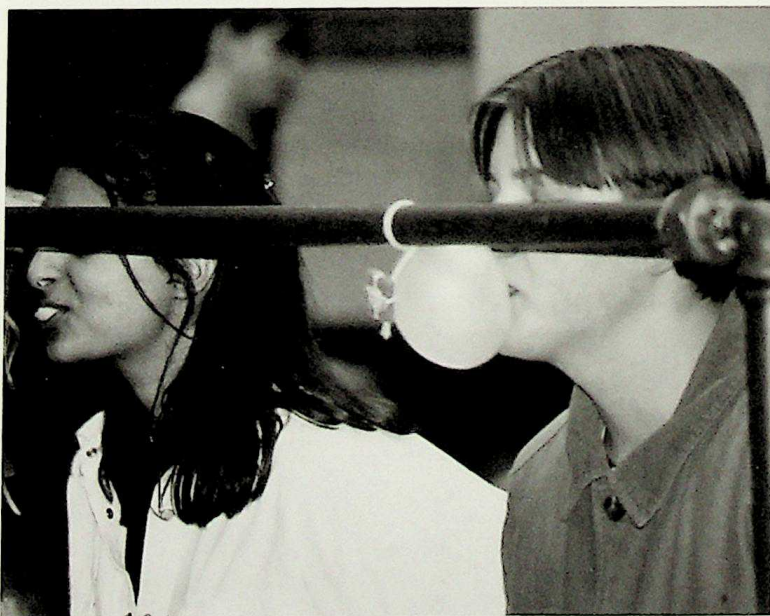

Second is a commitment to adulthood.

Third is a fundamental spirit of optimism.

It is already tomorrow. Time, which never stops its journey, will pass before your eyes, and in only a few years you will be members of the community looking back on the years you spent at J. Percy Page. When you do, the photos, facts, and memories in this book will be your stepping stones to a happy reminiscence.

May your memories of J. Percy Page be pleasant ones, and may your futures be filled with happiness and success.

Mr. Norby's Message

The completion of high school has, in modern times, been a major transition point in the maturation cycle of a young person.

It is a "graduation" from a somewhat compulsory educational process to a place in life where future learning is based on more carefully considered decision-making. Will you, as a graduate, choose college, university, apprenticeship, a job? What will your education for the remainder of your life consist of?

Making long range plans that will affect the rest of your life is a "scary" prospect. Everyone strives to achieve some degree of perfection in their life. They do not want to make mistakes, but how can you avoid them? The answer is obvious; we can't! The key is to deal with mistakes or times where we fall short of success without falling apart or giving up.

There is a story told of Thomas Edison, who made, say, 1,000 unsuccessful attempts before arriving at the light bulb. "How did it feel to fail 1,000 times?" a reporter asked. Edison replied. "The light bulb was an invention with 1,001 steps".

Not all of us see our lives in this way. If we make mistakes, we see ourselves as failures. I offer the following statement for your consideration:

"Aim for success, not perfection. Never give up the right to be wrong, because then you will lose the ability to learn new things and move forward with your life. Remember that fear always lurks behind perfectionism. Confronting your fears and allowing yourself the right to be human can, paradoxically, make you a far happier and more productive person".

- Dr. David M. Burns

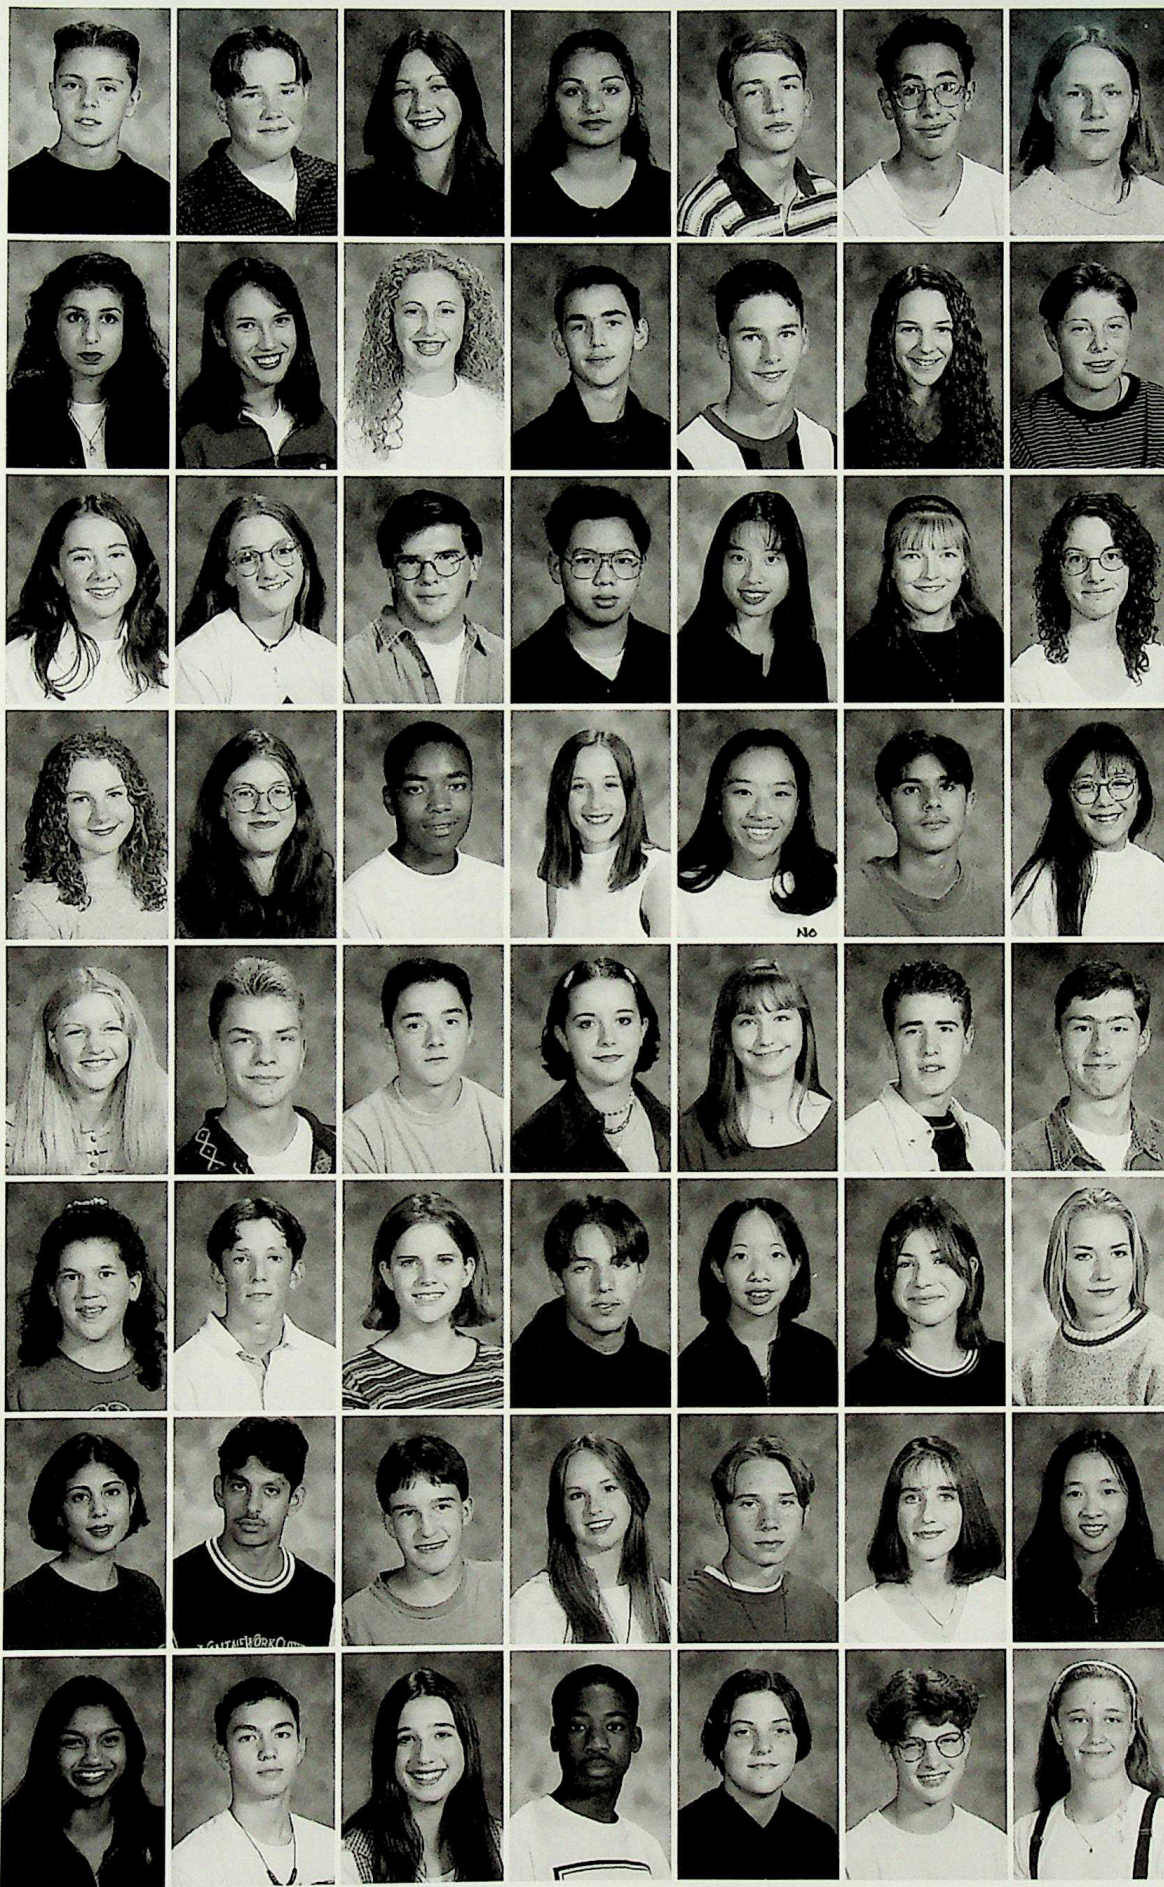

With that in mind I leave you with these thoughts: take chances, learn, experience personal growth, make yourself proud and remember, "avoiding situations in which you might make mistakes may be the biggest mistake of all".

On behalf of the staff of Cascade House, I wish you every success in your future endeavours -- the Grads of '96!

Athletics

The 1995/96 school year is one that will surely be remembered as one of growth and accomplishment in Page Athletics. It was the year that our gymnasiums finally received a much needed face-lift. The fresh coats of paint and the resurfacing of the gym floor made training and competition both more enjoyable and safer. 1995/96 was also the year that our long awaited track and field facility was completed. What a fantastic asset this will be for our program.

Over 270 athletes competed in 12 sports on over 20 teams this year; one quarter of the student body had an athletic experience in the school context. Nearly 30 staff members and out-of-school coaches (many of them Page alumni) contributed to our successes this year. You have been fine ambassadors for our school. It is my hope that your experiences in athletics have been positive ones, and that you will be able to draw on the lessons that sport has taught you to transfer them to other parts of your life.

Sunwapta

Ms. Smith's Message

"To accomplish great things we must not only act, but also dream, not only plan, but also believe."

Anatole France

In my first year as Sunwapta Housemaster, I have been impressed by the student leaders who have demonstrated the vision of J. Percy Page.

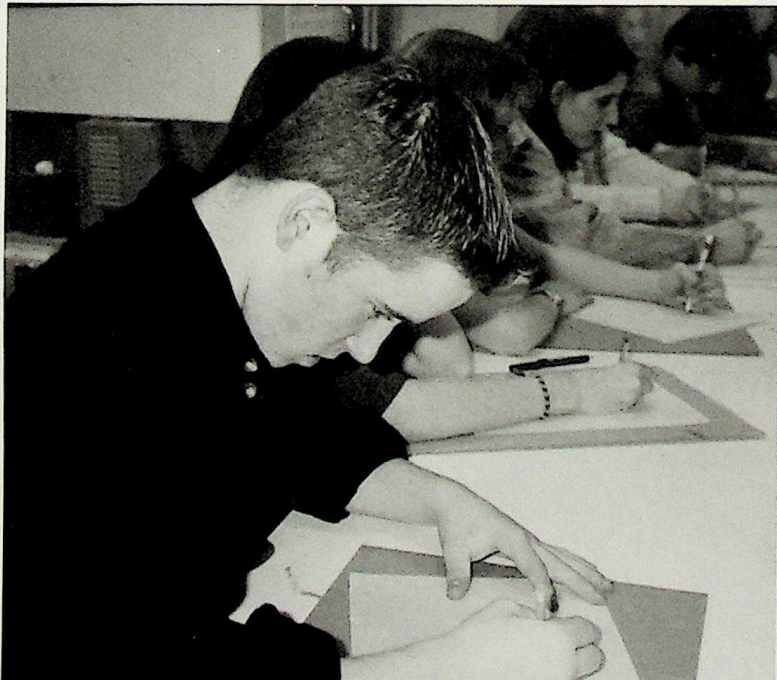

Vision by those in any leadership position precedes any significant improvement. A clear, informed vision of what a leader wants a school to become is more than a set of goals and/or objectives. It's a "big picture" of what a school should look like. Student leaders with vision exude a driving force that inspires and guides both leaders and followers. Vision excites and stimulates people to work hard to create reality from their dreams, identifying and reaching the necessary goals and objectives along the way.

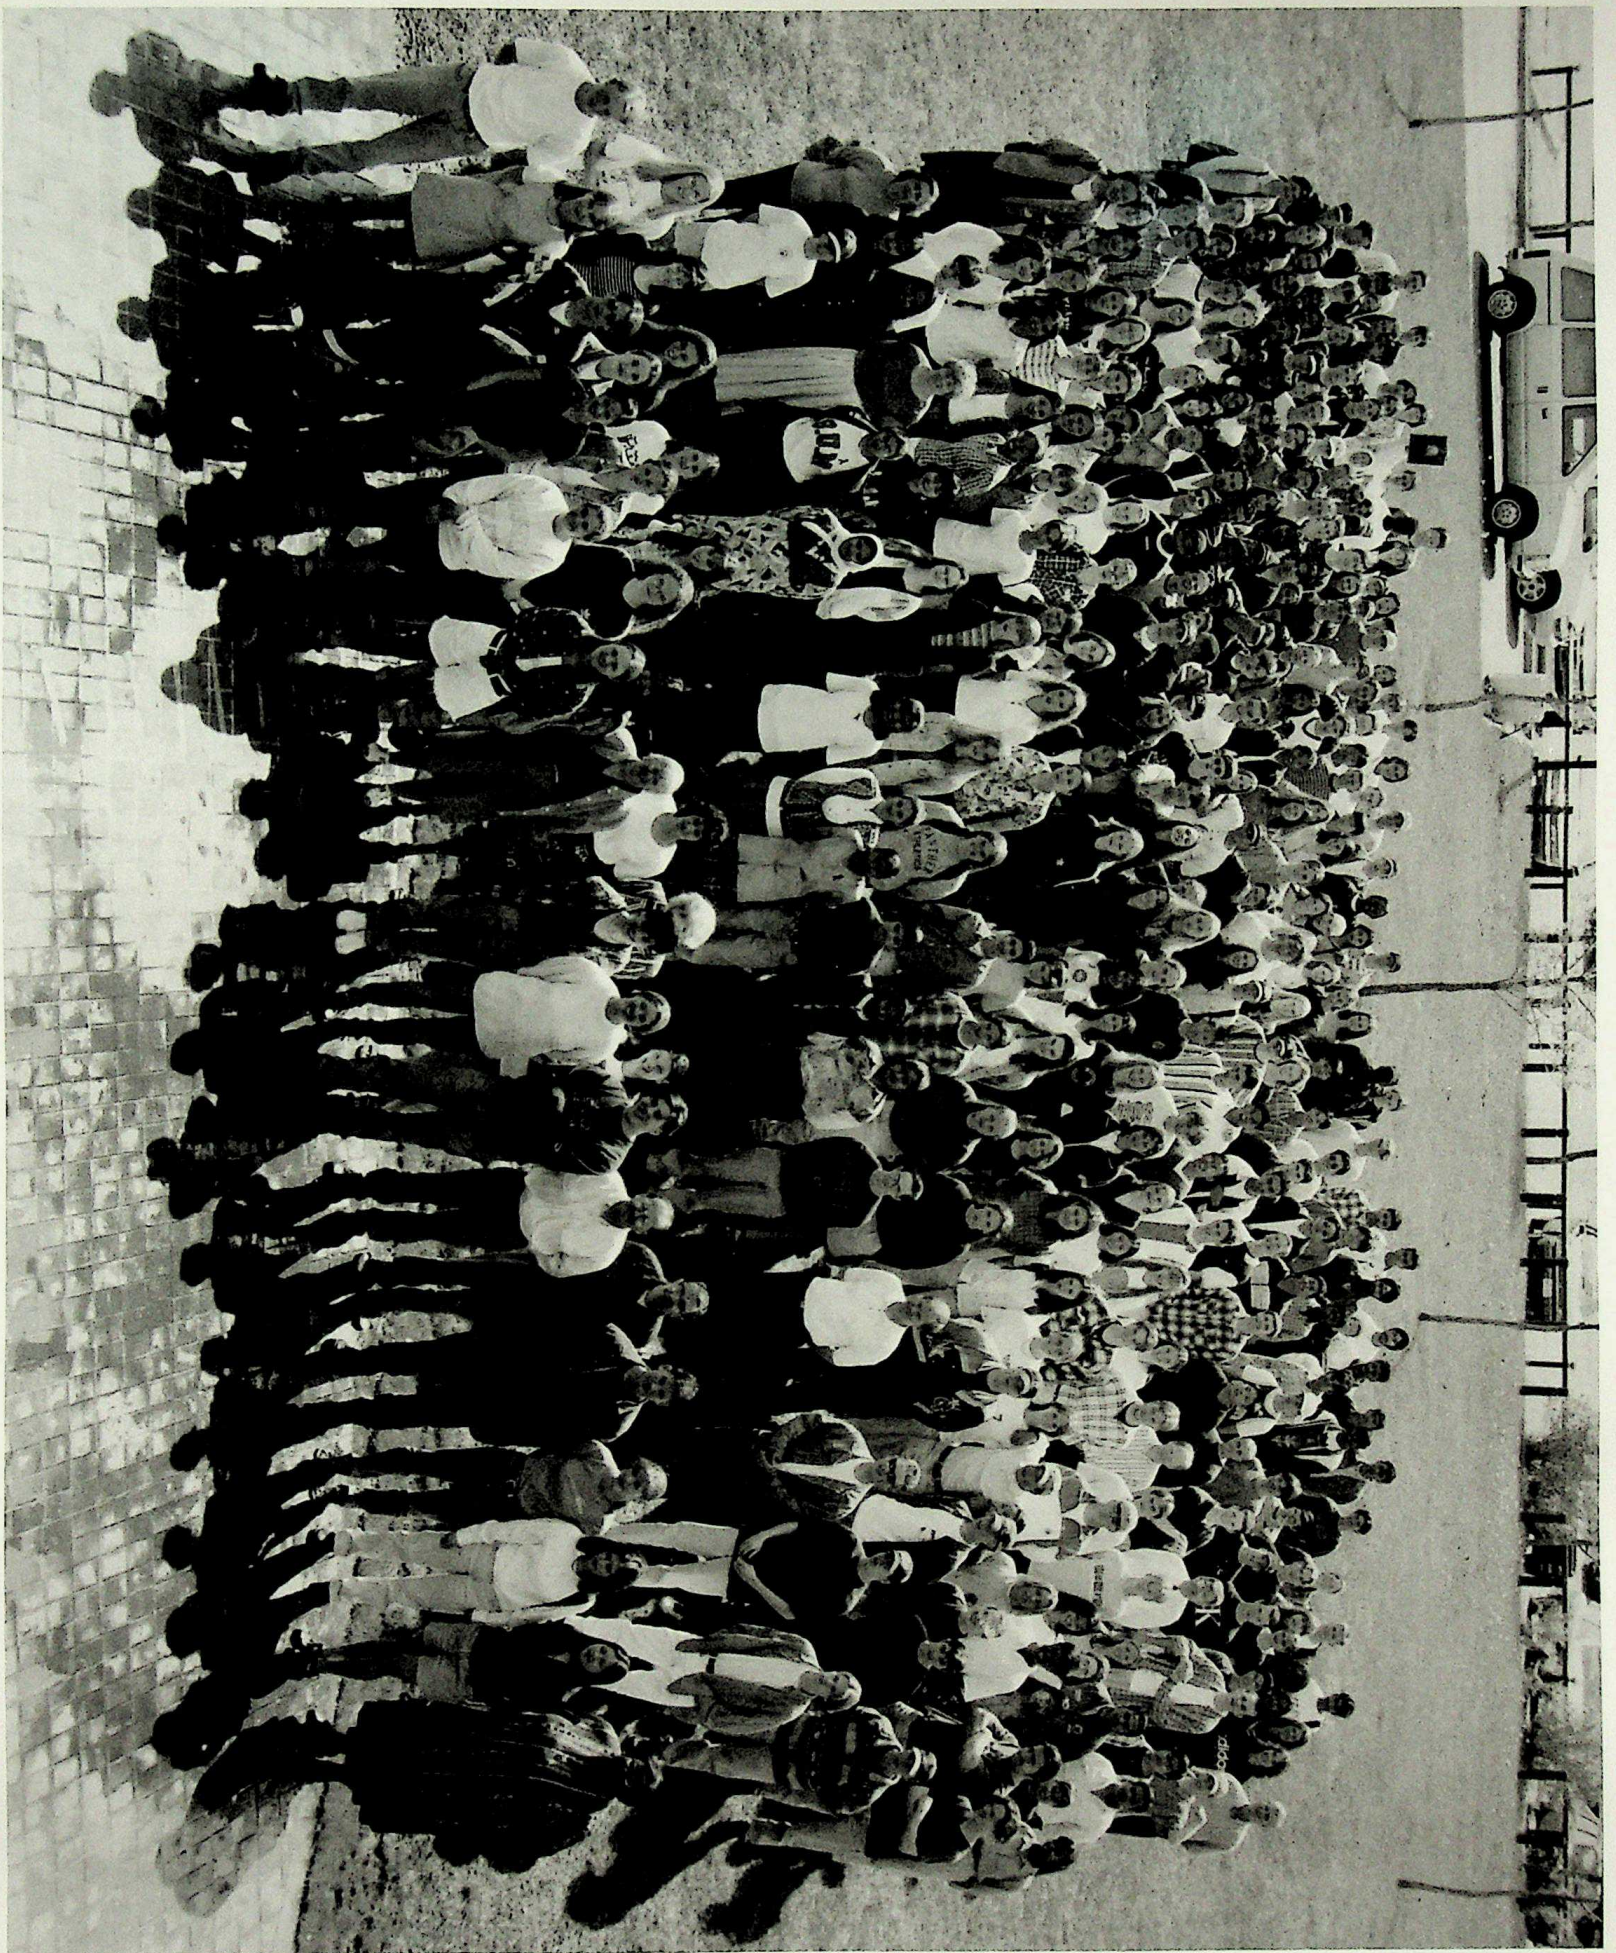

Who are the student leaders with a vision? Probably he or she sat next to you in class this year. Think about the students organizing the national CLSC conference. Maybe the House Board chairpersons and their staff . . . whether it be the captains and team leaders of one of the numerous sport teams at Page . . . the organizers of one of the charity events supported by Page staff and students, the student organizers of Grad, X-mas Party, Open House, Taste of Page . . . the list goes on.

Student leaders have consistently communicated their vision to others. They articulated and publicized the vision to everyone associated with the school. They have evaluated and reformatted their tasks when things weren't accomplished as planned. But most importantly they have celebrated their successes.

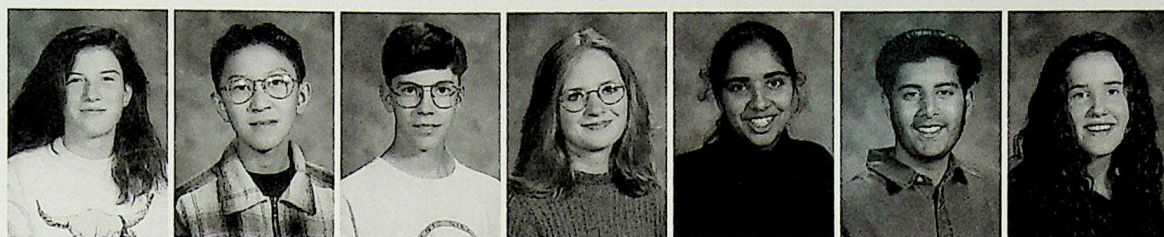

What is the vision of a Page student leader, you may ask? Excellence . . . excellence in academic achievement, citizenship, and sportsmanship. It's the legacy of Page.

I salute the students of Page who have chosen to carry on the vision.

Drama

The Page Players had barely enough time to adjust to the "Back-to-School" routine, when they were already preparing for the September auditions.

- Nov. - Remembrance Day ceremony presentations
- Two sold out performances of Dinner Theatre (A collaboration between Fine Arts and Food Studies)
- Mar. - Open House presentations: monologues, duologues, improv.
- May - Annual Student-directed Encore One-act play festival
- City Drama Festival at the U of A

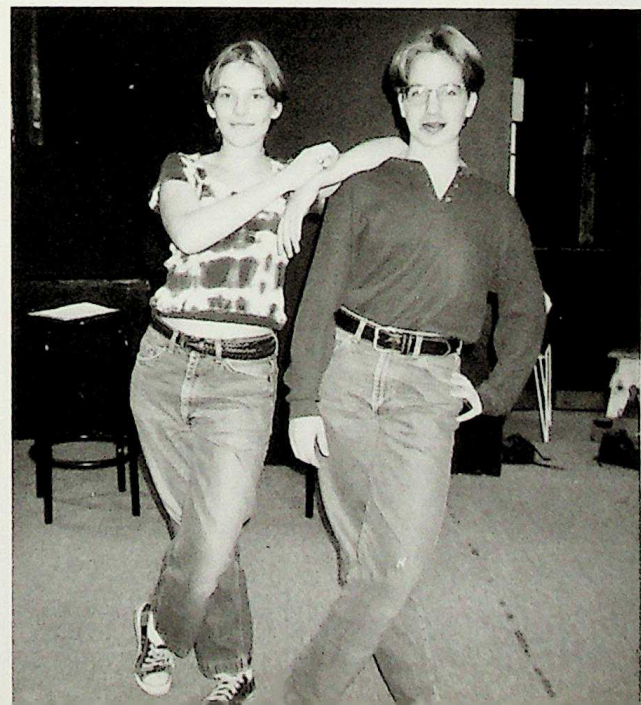

All these and we still don't have a theatre.
But, thanks for the applause!!

Social Studies

The staff of the Social Studies Department would like to celebrate the successes of the students of J. Percy Page, especially the graduating students, and wish them the best in the future. We have many good memories of the year.

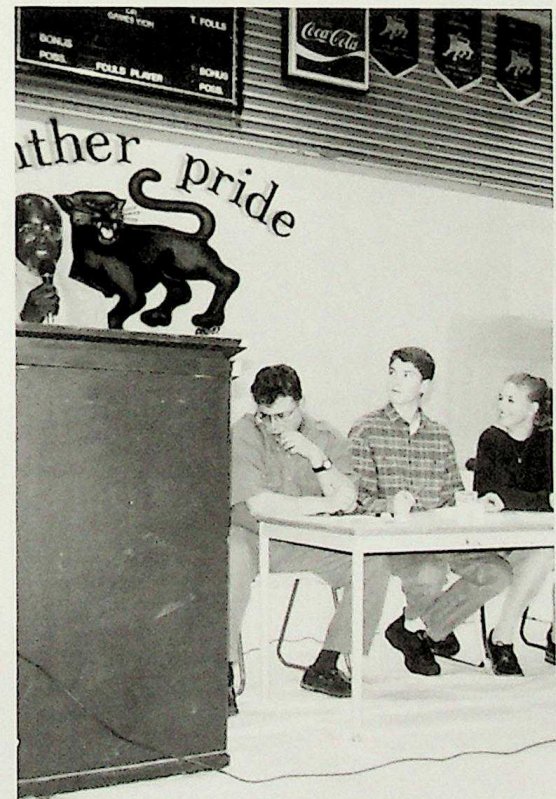

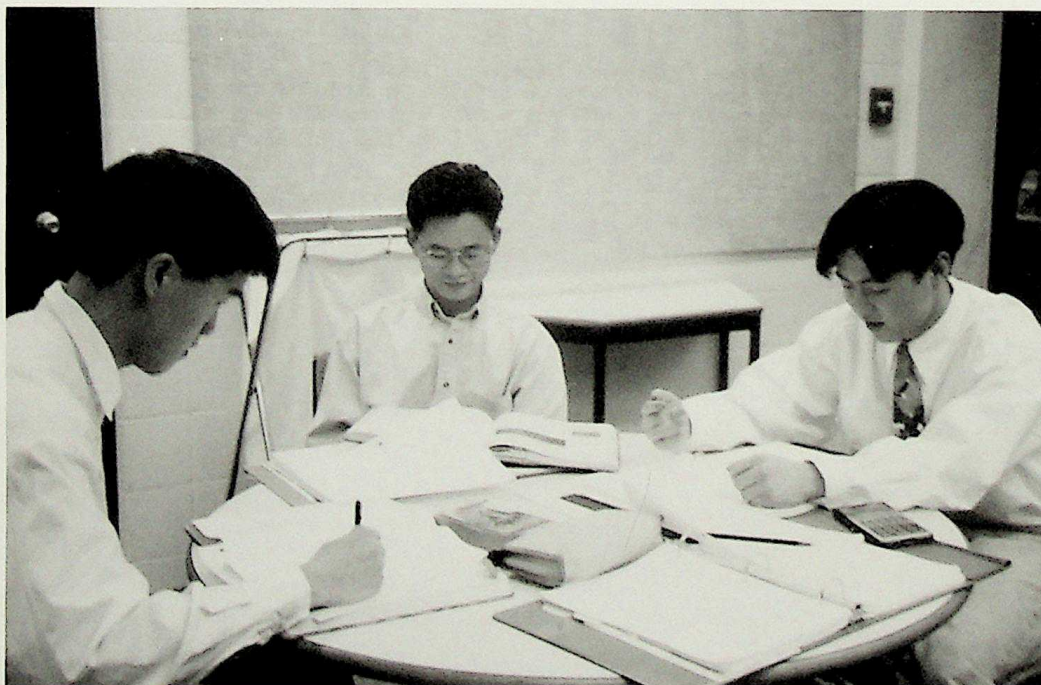

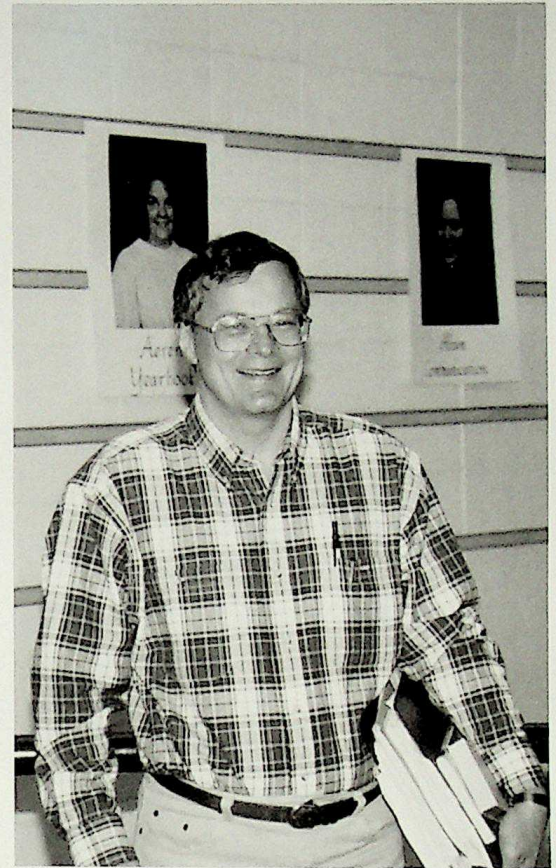

Students were offered much in addition to the prescribed curriculum of the courses. Through the year, many speakers were invited to speak to students on social, political, and economic issues. Several elected politicians visited the school to speak to students. A very successful civic election forum was held at the school in the fall. A speaker was invited to speak on the Holocaust, and some classes went to a symposium on the Holocaust. Some students studying multiculturalism visited several local religious institutions of different faiths. Outstanding Social Studies students were selected to attend forums and seminars focussed on the work of the provincial government and on the United Nations. These students were sponsored by the school and various community organizations including the Alberta Teachers' Association.

We hope that you, the students, have been challenged and stimulated in your classes. Many of you have certainly challenged and stimulated us!

Remember the Page students and staff who did outstanding work in operating the Supporters of Life social action club (SOL). In a Twenty Four Hour Famine fundraiser, they raised a substantial sum of money for relief of world hunger. Their concern and social action on environmental issues reflect well on themselves, the school, their teachers, and their parents.

The Social Studies teachers at Page hope you will maintain a life-long interest in politics and political issues. We have watched students grow through the years, both physically and mentally. We wish graduating students the best of luck in their futures. We will remember you with pride and hope you will return to visit and tell us of your successes. We look forward to seeing the returning students in September. Have a good summer!

Mathematics

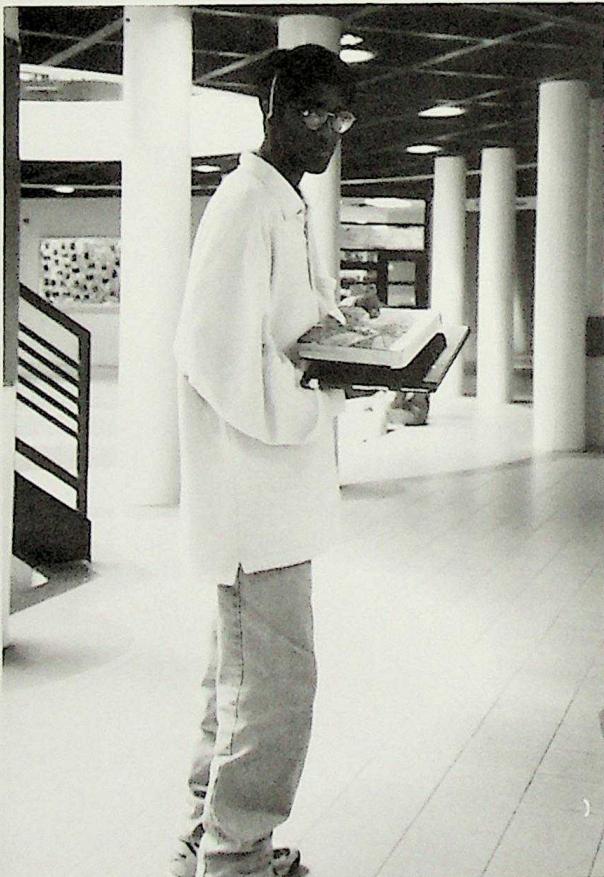

The 1995-96 school year was another successful one for the math department. The staff for the most part remained the same as in the previous year except for Mr. Scott McLean who decided to move to the sunny climate of Kelowna in British Columbia. Although we were sorry to see him leave, he was replaced by an excellent math teacher - Mrs. Karen Skrypnek. She joined the rest of the math department which consisted of:

E. Heilman . . . department head
 N. Kalmacoff
 V. Pysyk
 R. Skitch
 K. Skrypnek
 H. Takahashi
 E. Wilson
 A. Bihun
 F. Burke
 G. Townsend
 R. Shewchuk

The last four teachers listed also taught in other areas. There were no curriculum changes this year and we don't anticipate any for the next two years. This was however the first year for the Math 33 diploma exams. There was considerable relief after the exam was over - it was not as bad as some had envisioned. Our AC-AP math program continued to grow with ever increasing numbers of students registering for the program. Math must be very popular . . . our classes are overflowing with students!!!

The math department staff hopes that your year was a good one with many fond memories. Best of luck in the future.

English

THE ENGLISH DEPARTMENT . . . MAKES A DIFFERENCE!!!
"tomorrow and tomorrow and tomorrow creeps in . . . from day to day"

Another successful year over! The 1995-96 school year has been a very rewarding one at J. Percy Page. We began the year on a high note very encouraged by our successful results from June of 1995. Planning to build on these successes were an eager and committed staff just waiting to assign and mark all those essays!!

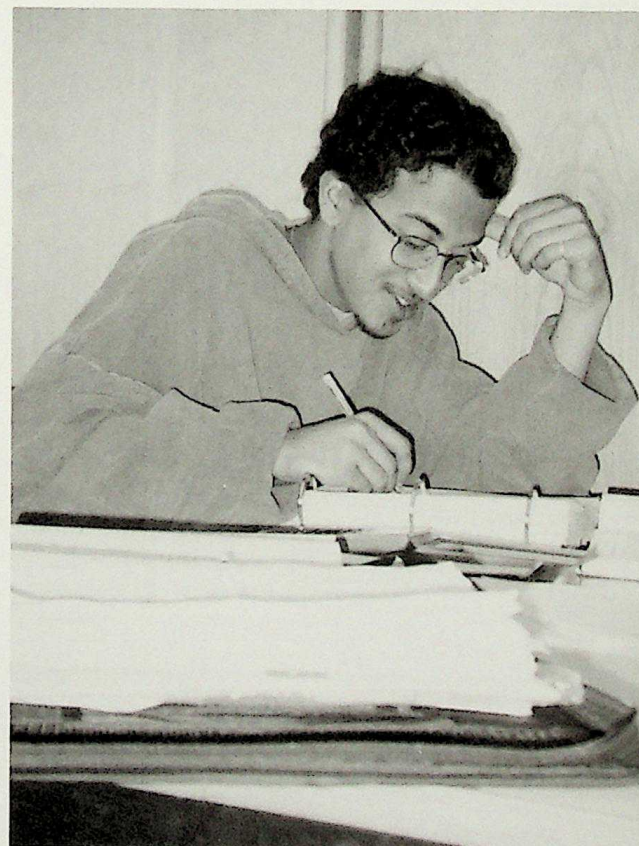

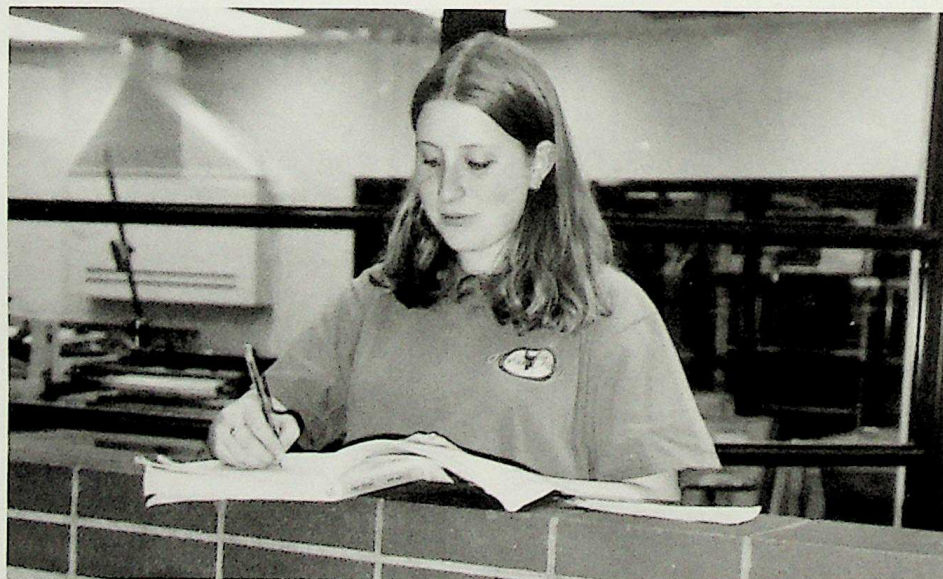

V. Arnold	C. Kemp
M. Butlin	R. Long
B. Conquest	S. Robbins
C. French	G. Townsend
F. Iftody	V. Von Busse

The year saw the continued development of special programs for our students: our Work Study program in Grade Ten, and our Academic Challenge program with four classes at three grade levels. Our fifth group of Academic Challenge 30 students faced the highly regarded Advanced Placement Examination in English Literature and Composition - these students are to be commended for a commitment to an exciting and demanding program of studies.

Enrichment continued to be encouraged in all our English classes, and many of our students took advantage of opportunities to attend a variety of special productions: *Fiddler on the Roof* was attended at the Citadel, and *Romeo and Juliet* was applauded at Orion Theatre . . . Our students also were treated to visits by numerous speakers who shared their ideas on topics such as creative writing and mythology.

Throughout the year, the English Department has welcomed input into our various endeavors from the students, parents, and community. The support received from all people concerned with our English programs has been very gratifying and has allowed us to continue to build upon our successes.

To our graduating students, thank you for being a part of our success!! May the thoughts of others in the literature that you have read in our classes and the ideas that you have explored so well in all those essays be a part of your eyes for tomorrow!

Science

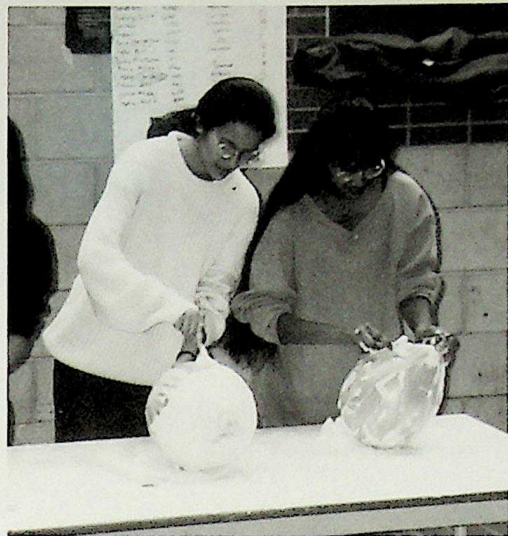

Geoff Buxton, Department Head

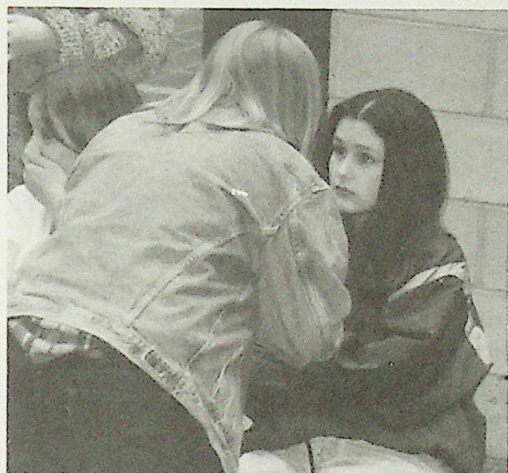

This was a year of considerable change for us in science. In addition to a new principal and housemaster, we welcomed new department members, and several department members had significant changes in their lives:

- Mrs. K. Andrews joined us from D.S. MacKenzie, to teach chemistry and physics. Her contributions to the school have been greatly appreciated. Shortly after coming to us, however, she became pregnant. We don't think that her arrival at Page and subsequent pregnancy are related. Hopefully, she will return to us next year. Also, Mrs. L. Field taught a Science 14 class in semester I, and did an admirable job.
- Mr. E. Lotz has become a full-time science teacher. It seems that his broken-down body simply cannot take phys ed. teaching anymore. In addition to his fine teaching, he continues his extensive involvement in coaching (winning?) basketball and track. Mr. L. Gaumont has also become more involved in science, and been a welcome addition to the teaching of Biology 30.
- Mr. F. Loehde has announced his retirement. He has made excellent contributions throughout his career in teaching, administration, and extracurricular activities such as Science Fair and the school Adventure Club. We wish him well.
- Mr. D. Maradyn has been working very hard, taking over some of Mr. Loehde's responsibilities in teaching Physics 20 and 30. We hope, however, that this is not related to Mr. Maradyn's accelerated hair loss. An even more significant event is the news of Mr. Maradyn's engagement. We congratulate him.
- Mrs. L. Panylyk and Mr. J. Zurawell continue to do a fine job in teaching chemistry. However, Mr. Zurawell's jokes haven't improved, and Mrs. Panylyk still picks on the male science teachers too much, as does Mrs. L. Harris, our terrific lab technician.
- Mr. D. Degrande continues his excellent work, teaching biology and coaching volleyball and badminton. The girls still seem to appreciate his boyish good looks. In his spare time, Mr. Degrande has also managed to become a new father.
- Mr. L. Barnes has again done a fine job teaching biology. His stability is a nice contrast to most of the rest of the science department. Mr. C. Coultman continues to work very well with the students in Science 14, and Mr. G. Buxton hopes that none of the science staff are offended by his comments.

Mrs. Mather's Message

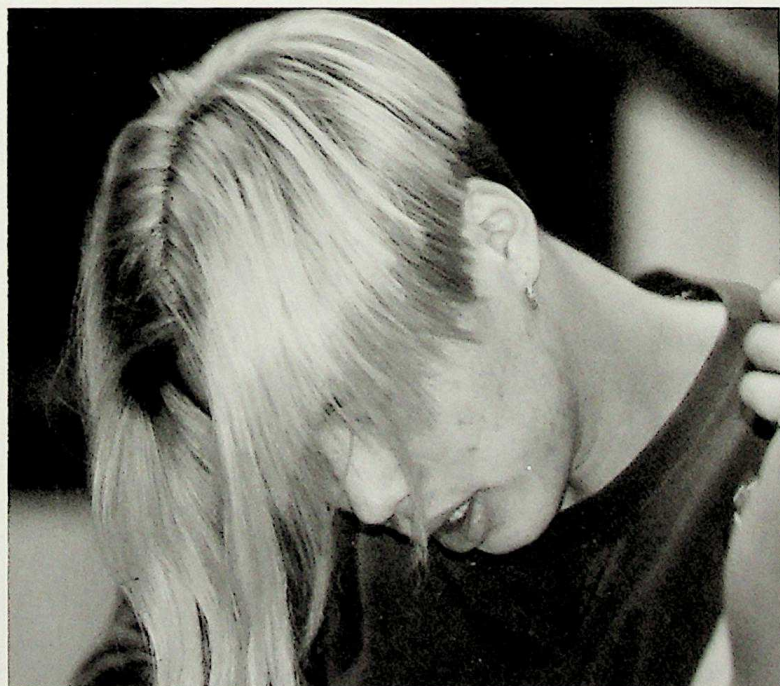

Another year is unfolding almost too quickly, it seems. This has been a year of change and regrouping to focus on our goals as educators and as individuals. Again it is evident that our worth, our strength is our people.

We can bring so much to each other - teaching each other that the world is a place of many cultures and interests. At J. Percy Page we value our diversity. Our students, staff and community provide an educational synergy that is much more than the sum of its parts and we all benefit. Making connections between people, ideas, schools and communities is an important part of investing in our youth and bringing out the best in each other. It is the connections that will sustain us into the next century.

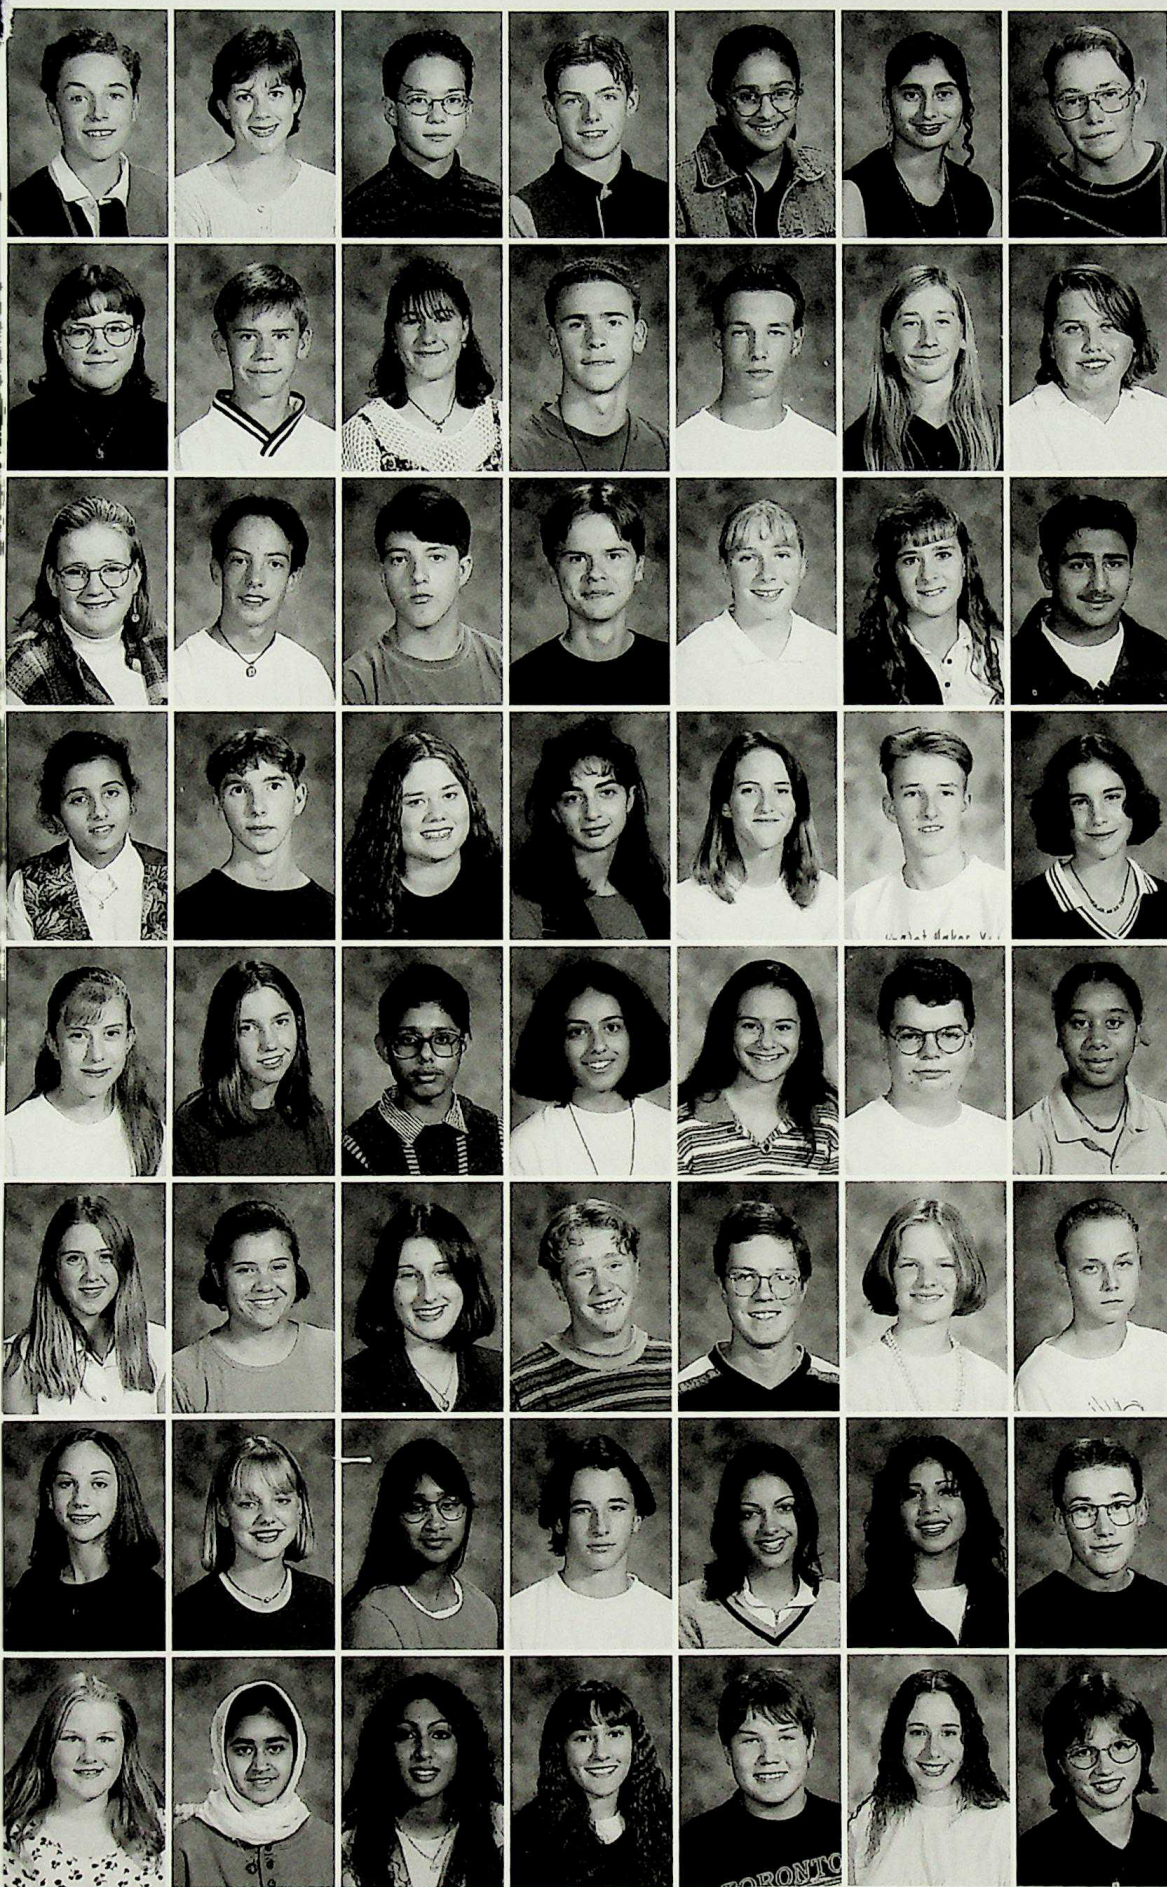

As our graduates leave, I hope you will remember the value of connections and remember that learning is a life long journey - keep your desire to learn.

Could it be that a cold, empty world like "HUNGER" is responsible for all the good in the world? Those who hunger for knowledge, open the doors to the unknown. Those who hunger for a better life, pave the way to progress. And, those who hunger for love, bring music to the written word.

The students of J. Percy Page are pleased to announce that the Second Annual Taste of Page was a tremendous success. This years Taste of Page saw many new performances as well as some returning cultural groups. We would like to thank all our helpers for volunteering their time and energy, and we send a special thank you to all those who attended. Percy Page is pleased to be one of two hardworking high schools planning this gala event. It takes extensive amounts of planning to organize this conference in which 800 students from all over Canada will be in attendance. We are proud of our J. Percy Page student volunteers for once again demonstrating their incredible leadership abilities.

Members include: Julie McPhee, Lori LaFrance, Van Tong, Kerry Allen, Robyn Jacobson, Adam Leighton, Aeren Popowich, Praby Singh, and Sophie Mathew.

Students' Union

President

The 1995-1996 school year certainly has been a busy and active year for Students' Union. We have learned a lot about leadership and working as a team with our new course **Leadership Alive!**

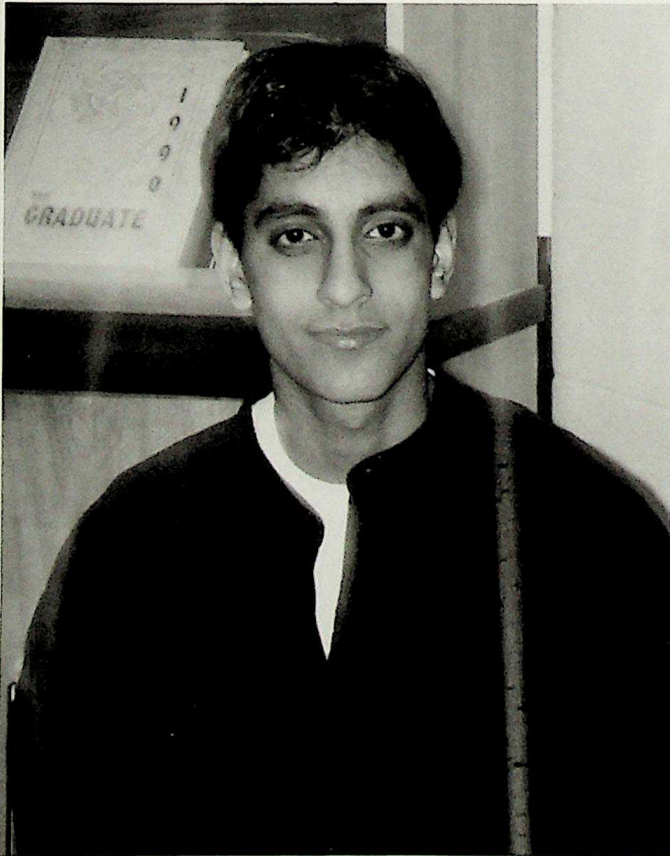

In terms of activities, we've continued on with our traditional activity weeks, Fun Friday's, pep rallies, and intramural activities. We've also set traditions, for example, by helping the social department in organizing the Remembrance Day ceremony and by having a motivational speaker (BOOMBA-EH?). Our most cherished project, the 2nd Annual Taste of Page, was extremely successful and a definite bonding experience for J. Percy Page. Students' Union has had a prosperous year working with charities from our annual Christmas project of Adopt-a-Family to Cancer month in April.

For the future, yet to come is the 12th Annual Student Leadership Conference from October 1-5, 1996. J. Percy Page is instrumental in organizing this conference in which 1000 students from across our great nation will be in Edmonton to learn about leadership and community service. Good luck to the CSLC'96 team and thank you for taking on such a vital and massive project.

With all the good times and bad times of Students' Union, we've all learned a great deal about ourselves and each other. J. Percy Page continually yields excellent students filled with optimism and destined toward bright futures. Thank you to the 1995-1996 Students' Union executives for all your hard work and dedication. Remember to "Live, pluck the roses of the world today". Good luck in all your future endeavors.

Sophie Mathew

Vice President

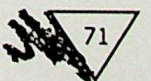

Student's Union had a very productive year for 1995-1996

We did a lot of things! For example we had a guest speaker at the school, we had numerous successful events; welcome week, Halloween week, Valentines week, not to mention our awesome, exciting, unforgettable Fun Fridays. And don't forget our crazy Hot House point challenge!!

Also, we had a really successful Pep rally with lots of great acts and awesome prizes.

Overall, we've had a really great year.

Praby Singh

Students' Union

Cascade

This year Cascade board did the following:

New theme - "Cascade Can Conquer"

New mascot - "Elephant"

and the Cascade Candy is "kisses"

We also had many successful Fun Fridays. We promoted Smoke Free month. The board members were actively involved with Open House, T.O.P, and other activities around the school. Birthday people received a card and a sucker. The board tried to get Cascade teacher's involved by having them complete a questionnaire about themselves. Over all Cascade had a great year. Remember Cascade Can Conquer!

Sunwapta

Sunwapta has been number one for the past nine years. Sunwapta House is the house of stars, we reach for the stars. Once every week The Sunwapta board has a meeting to discuss how we can make Sunwapta House better than the others. We come up with ideas for our Fun Fridays and make up new ideas. This year we were the first to bring in Daily Planners. We also decided to make our house more exciting by ordering signs to hang in the Sunwapta house office. We work closely with the Children's Wish Foundation by organizing fund raisers and helping with the telethon. Being the environmental house, we help around the school yard and have projects such as the recycling bins.

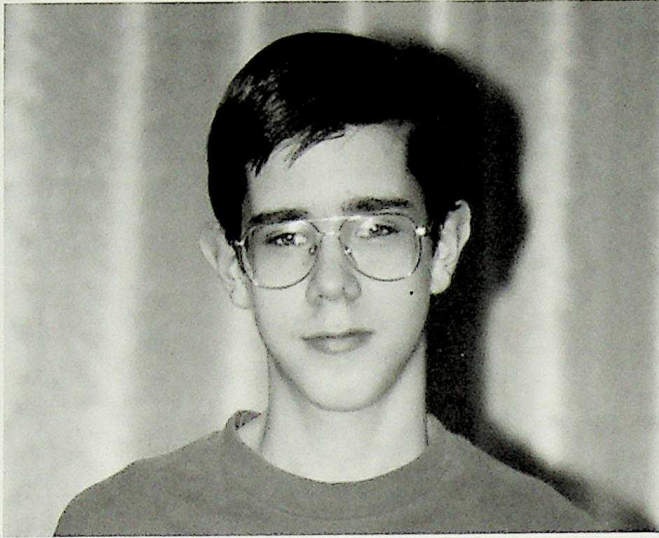

Wapiti

This year was a lot of fun. We had many fabulous Fun Fridays and were pleased to see so many students and teachers participate. A major highlight of the year for Wapiti was a \$260.00 donation given to the Edmonton SPCA. This money was raised entirely by Wapiti students through locker sales, and was greatly appreciated. It's nice to know that Wapiti students care! It's great to know that "Wapiti's got it goin' on" and that in the end, "Wapiti will WIN!"

Students' Union

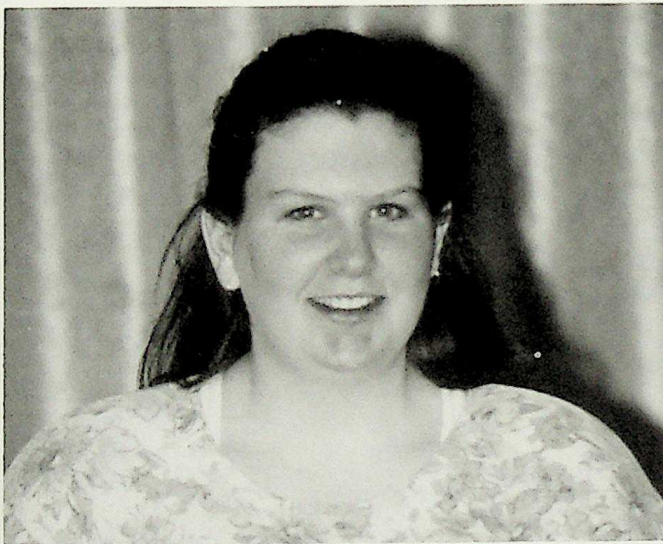

Treasurer

It has been a very busy year for everybody on Students' Union including myself. My job has been to budget and control all money that flies through Students' Union each year. A special thanks to my advisor Mrs. Deputat (she is the one who sells bus passes) for keeping me alive throughout the year so I could write out this thrilling message!! Best of wishes to all of you in your future endeavours. I thank you for reading my lame message this far because it was brought to you by the letter Y and the number 2.

Adam Leighton

Secretary

1995-96 has been an excellent year with many memorable activities. As Secretary I organized the welcome week barbecue at the beginning of the year. In the fall I also organized a leadership retreat for Students' Union members; the retreat was a great success. In December I also helped organize the annual Stuart Olsen Children's Christmas Party, as well as the Students' Union Christmas Party. Thanks to all the people on SU for making this a very memorable year.

Shannon McCafferty

Communications

Communications board is responsible for the advertisements around the school. We put up beautiful posters and make sure everyone is aware of special events. Not only is communications board the key to advertising, but we assure organizations outside the school that our students will attend. We specialize in offering the students a chance to take part in the activities around the school.

Allison DuRussel

Students' Union

Newspaper

The newspaper has struggled a little this year and was unable to produce a newspaper. Board members include Robyn Jacobson, Lisa Rubik, Steve Hamblin, Dina, and Adreana. Thanks to Mrs. Kemp for all her effort.

Historian

Historian Board has not been up to a lot this year but it was a successful one. We spent a lot of our time sorting pictures and going through old books, and magazines. We searched through the yearbooks with the help of the yearbook board and found the previous ten Valedictorians at J. Percy Page. Great thanks to all those who helped and worked on the Historian Board.

Intramurals

The 1995-1996 Intramural board was a great success. We included a variety of sports in a fun and positive environment. Thanks to intramural board members - Ben Luchkow, Jay Gomez, Vince Lee, Ranjan Khera, Grace Galan, Tilton Reed, and Jason Szeto for making this another successful intramural year. Special thanx to Mrs. Skolski for guiding us along the way.

FELICIA CHENG: "Try not to become a man of success, but a man of value." Quoted by some famous person, most probably, A. Einstein. The Bible says: whoever loves money never has money enough; whoever loves wealth is never satisfied with his income. This too is meaningless. As goods increase, so do those goods who consume them. And what benefit are they to the owner except to feast his eyes on them? The sleep of a laborer is sweet, whether he eats little or much, but the abundance of a rich man permits him no sleep. - Ecc. 5:10-12

Moments To Remember

Commencement - Jubilee Auditorium - May 29, 1996

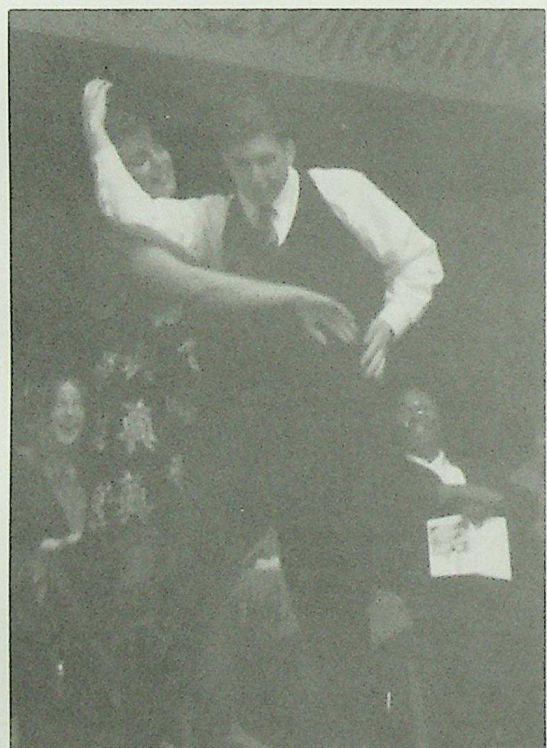

Valedictorian Address

A friend of mine said to me last week, "Chris if you would have told me in grade ten that you'd be the valedictorian when we graduate, I would have said yeah and I'll be an astronaut." Houston, we have a problem. The year 1996 is the year that I graduate from high school. This year has been tucked away in my mind since the day I was able to fathom my graduation: some time in grade four. This moment seemed so distant back in elementary school. Yet here we are today. Truly, our lives have been great adventures to this point. In our adventure we have been exposed to countless mysteries. On occasion a few of us have heard William Shakespear's "... tale told by an idiot. Full of sound and fury signifying nothing." Perhaps even a few staff members can verify Shakespeare's claim after listening to speeches at staff meetings which are given principle significance. Whatever our past experiences have been, we have all reached this point where together now we stand. This is a day to celebrate the knowledge and many fond memories that my classmates and I have accumulated throughout our lives. There is a great variety in the experiences we had in high school. Our accomplishments are as varied as our personalities. Our band trips over seas to Vienna Austria, our multiple plays which have competed at the provincial one act festival, our athletic accomplishments including our women's handball glory at the provincial championships as well as all the other athletes from the curlers and swimmers to the rugby and soccer players and the basketball and volleyball players. Indeed J. Percy Page is the school where we make the difference. However, one thing that binds us together is that we are now faced with the world that exists outside the realm of public education.

There is a multitude of teachers, administrators, parents, and friends that have all contributed to the success we now celebrate. With their guidance and support, our high school experience has been a successful one. Mr. Balbar offers us an epigram as we move forward. "Life is a journey, not a destination." Experience life as however you see it meaningful. Surely, we will choose to continue our lives' journey in numerous ways. Perhaps in the future our paths may cross once again. Albert Einstein, one of the greatest minds of the twentieth century, once said, "The most beautiful thing we can experience is the mysterious. It is the source of all true art and science." And as one of the most beloved character in modern film once said, "Life's like a box of chocolates, you never know what you're gonna get." As the future leaders of the world the character and personality that I see within us make me very optimistic. I share a belief with Mr. Kirchmier about the future, "I have faith in youth." I feel privileged to be a part of this graduation class. Each of us has been able to grow and broaden our understanding of the invisible world that now lies ahead of us. Mrs. Kemp pleads us to, "Sound [our] barbaric yawp! over the rooftops of the world." We are at liberty to dream impossible dreams and contribute to the history that our children and grandchildren will study. The great mystery of life remains to be a mystery. If we are fortunate, we will never find the answer. School has given us a foundation which we may now build upon and strive towards our dreams. May we not forget the memories and the people that have made us the J. Percy Page graduating class of 1996.

- Christopher Severin

Farewell . . .

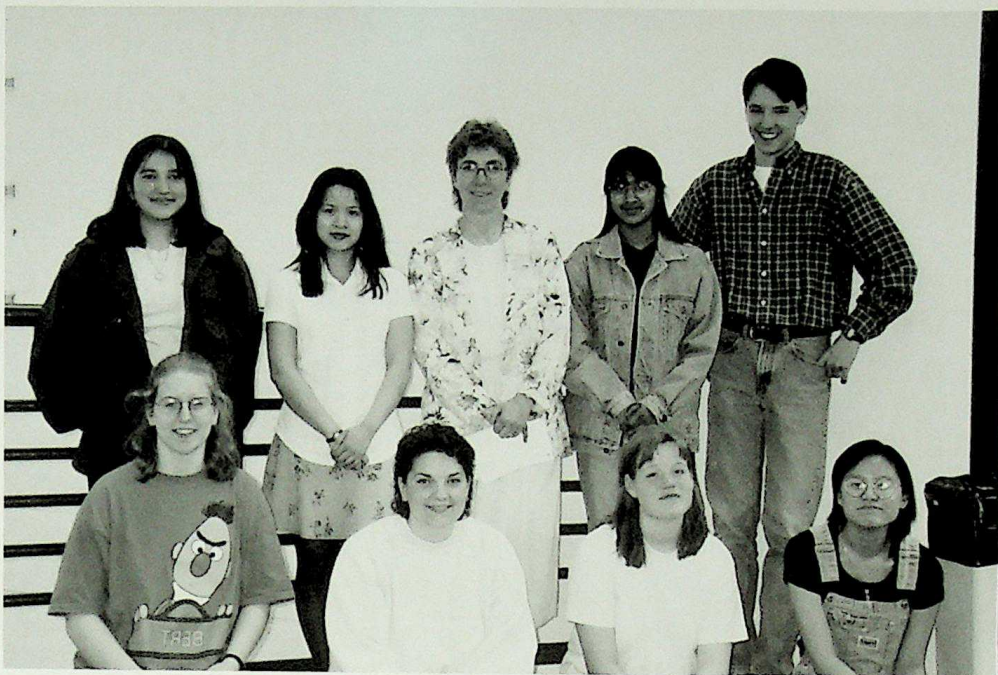

To all those staff members leaving who we have missed, the year-book apologizes. We would like to wish all of you good luck and happiness in your future endeavours.

Yearbook

Editor's Message

Welcome to the final pages of the 1995/1996 yearbook. This years book was quite a challenge, considering we are both brand new, first time editors. We worked hard and persevered to the very end. We would like to thank all the board members for putting up with our sometimes tempermental moods and all the staff who we bothered for pictures and write-ups throughout the year. Special thanks to Mrs. Curran, our Jostens representative, John Todd, and Jay Gomez for designing both the Disco theme title page and the Grad title page. We hope you enjoy the book. Congratulations to the graduating class of 1996.

*I'll always remember you as a good friend
even though your life has come to an end.
I never dreamed of you dying on me
my heart is saddened, I know you can see.
I don't know why God took you away
when all I wanted was for you to stay.
I never got the chance to say good-bye
but you're happy now, I shouldn't cry.
We had good times, some bad ones too
I only have one more thing to say to you
I know for sure that we will never part,
for you will always have a place in my heart . . .*

-Laura Mason

The last time I saw her, she was doing what she always did best, making people happy. No matter what was going on she always had the time to stop and give advice to a friend when it was needed or just to listen when somebody needed a shoulder to cry on. She had the best outlook on life . . . everything was always roses. I will never forget her and all the times she listened to me. She was one of a kind and she will always be in my thoughts, my prayers, and in my heart. Good-bye.
